Fergusson's poetry alongside contemporary events that expose Fergusson's preoccupations with the frivolities of fashion, theatrical culture, the economic status of Scottish manufacture and politics. At the same time, Brown offers fascinating insights into the political climate of Enlightenment Scotland and shows the *Weekly Magazine* in relationship to the larger Scottish and British periodical milieu. She concludes by exploring reactions to Fergusson's death in the British periodical presses, arguing that contrary to critical consensus, the poet's death was ignored neither by his own country nor by the larger literary community.
