## Scripture And Metaphysics:

**Scripture and Metaphysics** Matthew Levering, 2008-04-15 This book makes a major contribution to contemporary theological and philosophical debates bridging scriptural and metaphysical approaches to the triune God Bridges the gap between scriptural and metaphysical approaches to biblical narratives Retrieves Aquinas's understanding of theology as contemplative wisdom Structured around Aquinas's treatise on the triune God in his *Summa Theologiae* Argues that intellectual contemplation is part of a broader spiritual journey towards a better understanding of God Contributes to the current resurgence of Thomistic theology in both Protestant and Catholic circles *God in Himself* Steven J. Duby, 2019-12-31 How do we know God Can we know God as he is in himself Theologians have argued for the role of natural and supernatural revelation while others have argued that we know God only on the basis of the incarnation In this SCDS volume Steven J Duby casts a vision for integrating natural theology the incarnation and metaphysics in a Christian description of God in himself **Behind the Veil. An Outline of Bible Metaphysics, Compared with Ancient and Modern Thoughts** Thomas Griffith (Minister of Ram's Chapel, Homerton.), 1876 [Behind the Veil. An Outline of Bible Metaphysics, Compared with Ancient and Modern Thoughts](#) Thomas Griffith (Minister of Ram's Chapel, Homerton.), 1876 *Scripture, Metaphysics, and Poetry* Robert MacSwain, 2016-04-01 This book offers a critical edition of arguably the greatest work of English theology in the 20th century Austin Farrer's Bampton Lectures published as *The Glass of Vision* in 1948 Farrer was an interdisciplinary genius who made original contributions to philosophy theology and biblical studies as well as to our understanding of the role of imagination in human thought and Christian doctrine According to Farrer the three primary themes of these lectures are scripture metaphysics and poetry individually and in relation to each other The lectures defend his famous theory of divine revelation through images rather than propositions or events a provocative account of the place of metaphysical reasoning in theology and a literary approach to the Biblical text that was decades ahead of its time and is still controversial *The Glass of Vision* has generated a rich and interesting interdisciplinary conversation that has lasted for decades starting with commentators such as Helen Gardner and Frank Kermode In addition to Farrer's full text this critical edition also contains an introduction to the significance and context of Farrer's thought and a selection of thirty years worth of commentary by leading British and European theologians and literary scholars David Brown Ingolf Dalferth Hans Haug Douglas Hedley David Jasper and Gerard Loughlin Of interest to literary and biblical scholars theologians and philosophers this book holds particular value for those exploring the nature of imagination in contemporary thought and scholarship **The Trinity & the Bible** Scott R. Swain, 2021-09-29 Seeing the Trinity in Scripture Orthodox Christians affirm and worship a triune God But how should this affect our reading of the Bible In *The Trinity and the Bible* Scott R Swain asserts that not only does the Bible reveal the Trinity but the Trinity illuminates our reading of the Bible Swain reflects on method and applies a Trinitarian framework to three exegetical studies Explorations of three genres of New

Testament literature Gospel epistle and apocalyptic display the profits of theological interpretation Through loving attention to the Scriptures one can understand and marvel at the singular identity and activity of the triune God

**On the Metaphysics of Scripture** James Challis,1876

**Five Things Theologians Wish Biblical Scholars Knew** Hans Boersma,2021-09-07 The relationship between theology and biblical studies is often marked by misunderstandings methodological differences and cross discipline tension With an irenic spirit as well as honesty about differences that remain theologian Hans Boersma highlights five things he wishes biblical scholars knew about theology so that these disciplines might once again serve the church hand in hand

Metaphysics and the Tri-Personal God William Hasker,2013-08 William Hasker reviews the evidence concerning fourth century pro Nicene trinitarianism in the light of recent developments in the scholarship on this period arguing for particular interpretations of crucial concepts He then reviews and criticises recent work on the issue of the divine three in oneness including systematic theologians such as Barth Rahner Moltmann and Zizioulas and analytic philosophers of religion such as Leftow van Inwagen Craig and Swinburne

**The Doctrine of God and the Crisis of Modernity** Jared Michelson,2025-05-15 In this incisive work Michelson traces contemporary debates on the doctrine of God back in time to the philosophical critiques of Hume and Kant Schleiermacher and Barth each offered accounts of the doctrine of God This book offers a critical evaluation of these accounts and demonstrates how they were responding to early modern critiques of the possibility of knowing God Michelson also leverages Charnock s account constructively to demonstrate how this earlier writer has the theological resources to tackle those same critiques Not content

to stop there Michelson also highlights how these critics built their arguments on faulty interpretations of classical theological tradition In doing so this book carves out a provocative constructive path forward for contemporary theological reflection on the doctrine of God

**Divine Generosity and Human Creativity** David Brown,2017-02-22 Partly in a desire to defend divine freedom and partly because it is seen as the only way of preserving a distinctive voice for theology much contemporary theology has artificially restricted revelation and religious experience effectively cutting off those who find God beyond the walls of the Church Against this tendency David Brown argues for divine generosity and a broader vision of reality that sees God deploying symbols literary visual and sacramental as a means of mediating between the divine world and our own material existence A sustained argument for divine interaction and more specifically the ways in which God speaks in the wider imaginative world this volume calls for a careful listening exercise since symbols are richer and more open in their possibilities than their users often suppose Not only is this true of the imagery of Scripture even inanimate objects like buildings or hostile but creative artists can have important things to say to the believing Christian An ideal introduction that also moves the conversation forward this volume addresses foundations the multivalent power of symbols artists as theologians and meaning in religious architecture
