Scottish Whalers:

Scottish Whalers David Dobson,1995 A Maritime History of Scotland, 1650-1790 Eric J. Graham,2015-04-21 The period 1650 to 1790 was such a turbulent one for Scottish seafarers that much of this fast flowing narrative reads like Treasure Island Colourful characters abound in a story teeming with incident and excitement John Paul Jones descends upon the Scottish coast creating widespread panic press gangs prowl the coastal towns wartime conditions turn merchantmen into privateers fighting the French the Spanish and the American Colonists almost anyone flying a different flag quaintly named vessels like The Provoked Cheesemaker are on the lookout for trouble And the stakes were high Glasgow became wealthy through the tobacco trade Glasgow merchantmen could beat the English ships and sail to Chesapeake Bay in record time Eric Graham traces the development of the Scottish marine and its institutions during a formative period when state intervention and warfare at sea in the pursuit of merchantilist goals largely determined the course of events He charts Scotland s frustrated attempts to join England in the Atlantic economy and so secure her prosperity an often bitter relationship that culminated in the Darien Disaster In the years that followed maritime affairs were central to the move to embrace the full incorporating Act of 1707 After 1707 Scottish maritime aspirations flourished under the protection of the British Navigation Acts and the windfalls of the endemic warfare at sea Dundee Whaling Fleet Malcolm Archibald,2019-06-01 At the end of the 19th century Dundee was Europe s premier Arctic whaling port From humble beginnings in the 1750 s this national industry had survived French and American wars privateers economic slumps storms heart wrenching disasters and some amazing triumphs From 1860 until the 1880 s Dundee built the most efficient Arctic vessels in the world Despite being only a small city on the east coast of Scotland as the 19th century closed it was the most important Arctic whaling port in Europe The Dundee Whaling Fleet gives an overview of Dundee s experience in Arctic whaling including a valuable guide to every ship in the fleet with statistics dates and a thumbnail history It also gives sketches of the most prominent of the whaling masters Dundee shipping companies and 350 of the tens of thousands of seamen who took the ships north **The Scottish Bankers Magazine** ,1913 **Whaling and the Hebrides** Islands Book Trust (Scotland),2008 Collection of ten papers presented at conference in Tarbert Harris in August 2007 including experiences of Hebrideans who worked in whaling industry in South Atlantic in 20th century and Scottish Arctic whalers **A Zoologist on Baffin Island 1953** Adam Watson,2011 The author spent four months in Baffin Island during 1953 as zoologist on a big expedition by the Arctic Institute of North America where he concentrated on studying birds and mammals With Inuit hunter Samo he travelled by dog sledge on the sea ice of coast and fjord Afterwards he crossed the mountains alone in deep snow to reach the site of his summer camp in a valley among some of the most spectacular peaks in the world There he worked for most of the summer usually alone The valley and others nearby were and still are uninhabited and expedition members trod many places which had not been under human foot in recent centuries His book is of special

interest because of the many changes since with the Inuit now mostly in towns with modern facilities and airports and using motor sledges for hunting The author writes of many exciting days studying arctic animals sometimes working with Swiss botanist Fritz Schwarzenbach and others and walking with heavy loads sometimes in risky conditions The beauty of the Arctic inspired and energised him He writes vividly about the magnificent landscape the 24 hour daylight the endless variety of weather snow and ice the wonderful plants and animals in the brief summer of the far north **Scottish Whalers Before 1800** David Dobson,1995 **The Scots Magazine** Charles Stewart Black,1928 **Scottish Themes** S. Politics and the Nation Robert Harris,2002-01-03 The author presents a new picture of political life in mid eighteenth century Britain a period of history which is poorly understood Written in a clear accessible style and drawing on much original material this book argues that British politics and political culture in the mid eighteenth century have often been poorly understood through over emphasis on stability Using a thematic approach it reconstructs a political world in which vital issues continued to exercise the minds and emotions of those who made up the contemporary political nation a group which included far more than the handful of politicians who competed for national political office This is a book which interprets its subject broadly and which seeks to tell the stories of politics in this period through the words and projects hopes and fears of contemporaries It also represents an important contribution to the difficult but important project of writing the history of the British Isles Development in Scotland and Ireland are given careful attention along with those of England The Scottish Naturalist ,1928 **The Oil & Colour Trades Journal** ,1916 Meddelelser Om Grønland ,1907

The Dundee Whalers Norman Watson,2003 This is a study of what was Britain s leading whaling port Today Dundee captains and the city s whaling fleet have a permanent place in the geography of the world Cape Adams Cape Milne Artic Bay and Eclipse Sound recall an era when the city s stoutly built ships manned by heroic adventurers discovered new routes made new friends but seldom sailed far from danger In Dundee itself streets such as Whale Lane and Baffin Street serve as reminders of an era in which Dundee dominated the whaling grounds Moreover the Dundee fleet has excelled as polar exploration ships providing vessels for Captain Scott Ernest Shackleton and Admiral Byrd leaving a permanent reminder of the city s historic role at Dundee Island Antarctica An appendix lists all the ships and their captains **Scientific American Supplement** ,1900 Spitsbergen Robert Neal Rudmose Brown,1920 History of exploration and development physical

features and resources sovereignty AB 2331 **The Practical Statutes of the Session ...** Great Britain,1907

Nuussuarmit Keld Hansen,2008 This book describes life in a small hunting community in Northwest Greenland It is based on fieldwork carried out by the author from 1966 to 1968 and documents in detail the traditional material culture ways of hunting and fishing daily life and festive occasions of an Inuit society not yet influenced by European culture The historical background of the settlement from the establishment in 1923 is outlined and some indication of what has happened to the small society after the study period is given Daily life in the settlement itself and out on the hunting grounds is followed day by day through a whole year and all processes are documented in the many original photographs The book demonstrates a surprising stability in the life of the hunting families not due to conservatism but because experience has shown them that this way of living is the most suited to the given conditions At the time of the field study new tools and a number of other items had been introduced but these were only adopted when more efficient than those already in use In a large number of cases they are used in conjunction with the traditional tools **The School newspaper Vol. [2 issues of vols. 31 and 32].** ,1885
