Anita Ekberg Tytti Soila,Richard Dyer,Ann-Kristin Wallengren,2025-12-31 Anita Ekberg was a major international star now chiefly remembered for her half hour appearance in La dolce vita She was a Swedish film star who worked extensively in the USA Italy and elsewhere in Europe but never in Sweden She was seen as a curvaceous blonde in

the Marilyn Monroe mould whose roles and style were nothing like Monroe's. She was celebrated or looked down on for her fabulous looks but never appreciated for her performance. This collection looks at all these facets of Ekberg's career examining the nature of her star image and discussing her skills as actress and celebrity. It considers the perception of her body in different national contexts and genres and as she aged the significance of casting directors' dress and performance and the role of the press, class, ethnicity and her own agency in the production of this fascinating personality.

Sickness in Health: Bullying in Nursing and other Health Professions Brenda Happell, 2024-03-01. This book informs students and practitioners of the health professions about workplace bullying and how to recognise it. The health professions have among the highest rates of bullying of any occupational group. This book shines a light on bullying and its very real human consequences for health professionals. Statistics about bullying in health present a disturbing picture. However, they don't convey the human impact on people who only want to do good for others. The author begins by telling how her experiences spurred her to write this book and then introduces the champions, twelve health professionals who contributed their stories. The book starts with the champions' decision to become a health professional and then describes their bullying experiences, the impact on almost every aspect of their lives and careers and how they tried to resolve or deal with the bullying. Some were still dealing with bullying and all felt they had been forever changed by their experiences. The stories show that bullying is much more than the actions of a few; it is deeply embedded in the culture of institutions responsible for providing quality health care. Better preparation for leadership positions and independent processes for reporting unacceptable behaviours and actions are two suggestions for tackling bullying and its consequences. This book shows the necessity to expose these appalling behaviours and their human costs in order to address workplace bullying and create a healthy and safe environment for everyone in healthcare. This volume is aimed at undergraduate and postgraduate students and practitioners of nursing and other health professions, the general public and other stakeholders of health services. It will enhance their understanding of ability to recognise and strategies to cope with workplace bullying.

Kevin Johnson, 2009 Following up on his well received bibliography of first edition sources for American film noir of the 1940s
Kevin Johnson's new bibliography *The Dark Page II* explores the second half of the classic American period covering the
years 1950-1965. Ground rules for noir style were by this time firmly established in Hollywood and new techniques and
themes had emerged including location shooting and documentary style storytelling, the incorporation of social issues into
storylines, the final years of the Production Code's stranglehold on film content and the influence of the style on Westerns,
melodramas and even science fiction. Importantly too, this era would see many of Hollywood's finest writers and directors
blacklisted, jailed or exiled as a result of McCarthy and the House Un-American Activities hearings. The literary sources that
informed this era evolved as well, with Hollywood taking a greater interest in the surprisingly literate novels that were being
published, as paid by the word paperback originals as well as hardcover titles being released by obscure and often short-lived
publishers. The influence of the film industry on the book industry was felt in turn, with stories being snatched up as film
options as soon as they first appeared in magazines and newspapers, sometimes resulting in a book publication that would
never have occurred otherwise. *The Dark Page II* is an essential volume in a continuing series of references that are projected
to cover American screwball comedies, European film noir and American crime films and dramas of the late 1960s and 1970s.
Full color photos of each first edition are featured as well as bibliographical points for each book and a bounty of factual
information surrounding both the origins of the books and their subsequent film adaptations. *Lesbian Film Guide* Alison
Darren, 2000-03 When she exists at all, the cinema lesbian has always made an impression on a thrilled and terrified audience.
Often gullible and naive, more often manipulative and predatory, the celluloid lesbian inhabits a world of extremes in which
she is either frigid or insatiable, innocent or seductress, victim or villain. Over the years her image has been used to add spice
to pot boilers, sex to horror and pathos to dramas. This essential A-Z reference to lesbians in the movies covers lesbian films
like *Desert Hearts*, *Go Fish* and *I Heard the Mermaids Singing* as well as films that contain a lesbian character theme or
subtext such as *The Children's Hour* or *The Hunger*. With over two hundred reviews from all over the world covering
mainstream films, successful independents and less well-known films, *The Lesbian Film Guide* offers the reader a broad view
of the varied history of the celluloid lesbian. Fully illustrated with colour and black and white pictures, this upbeat and
accessible book is an ideal resource for students and the general reader alike. *The National Union Catalog, Pre-1956*
