**scripts people live** claude m. steiner,1974 **SCRIPTS PEOPLE LIVE** ,1974 *Script and Addiction* Maria Moore,2019-01-24 Addiction to alcohol and other substances is a growing problem today The Alcoholics Anonymous 12 Steps Programme is the standard method for treating addictions and defines an ordered program which if completed should break the addiction However the level of success here is low Two main problems in this regard are the failure of the addict to complete the programme and their relapse back into addiction Treatment of addiction by other methods is even less successful A new approach is needed one which better integrates those treating addiction By combining the 12 Steps programme and the idea of Life Script a concept from Transactional Analysis this book demonstrates that a much higher success rate can be achieved The author pioneered this approach for five years achieving an improved rate of success from this combination The book includes case studies to underpin its findings **Scripts People Live** Claude M.

**Who Am I? Who Is She?** Gerard P. Montague,2013-05-02 Are persons physical things members of the species homo sapiens which exist solely in materialist form continuous in structure with other living things Or is the issue a more complex one are there more dimensions to being a person than mere physical biological existence These are matters of interest and discussion in many fields of study in this age of individuality In this wide ranging essay the author addresses various aspects of the issue including the history of self and identity The ancient tradition of dualism is rejected in favour of a straightforward holistic and naturalistic account of selfhood it is argued that the mind arises in an emergent sense from the body and personal identity is best expressed in terms of a self reflective and meaningful narrative The approach is principally from an analytic philosophy point of view but also takes on board psychological and sociological aspects of self and identity **Law, Freedom and Story** John C. Hoffman,2013-11-30 Rarely has an author illuminated in one book an aspect of religious study with attention to so many disciplines John Hoffman skilfully interrelates the fields of psychology mythology anthropology literature and New Testament studies to show their common use of narration techniques Hoffman explains how the storytelling nature of myths parables and psychotherapy seeks to heal and to bring wholeness to both the individual and to a social grouping Bringing into this discussion the tension between law the stabilizing factor of a society and freedom the

spontaneous and creative urges that move outside of social order Hoffman shows how rituals function to affirm the order of the culture in which they exist yet as they open up the realm of the imagination they provide the possibility for disruption For as long as fantasy is a part of narration both in telling and hearing the social order can be both criticized and superseded Hoffman clearly sets his work within the genre of Crossan Perls Jaffe Turner Grimes Buechner and Eliade Carefully examining the work of Tom Driver and John Cobb he expresses the need to go beyond traditional structures and formulations in order to move theology closer to narrative A narrative form Hoffman argues can both affirm faith and invite believers to transcend its expression and break free of its strictures providing for an ever more dynamic theology *Beyond Tells* James A. McKenna,2005 A psychotherapist and poker columnist offers tips on anticipating players behavior by analyzing their mental and physical approaches to the game *Beyond Traps* James A. McKenna,2007 Poker columnist psychotherapist and author James A McKenna goes deep into the psychology of poker revealing how to use the psychological patterns that govern opponents to trap them into making mistakes McKenna explains how consistent winners use different bait for different prey and how they trap and avoid traps by noticing the difference between players at the table McKenna demonstrates the different approaches needed for different personalities outlining the traps for each and shows readers how to take their game to a higher level *TA Today* Ian Stewart,Vann Joines,1987 **Indian Drama Today** Manchi Sarat Babu,1997 The Book Makes An In Depth Study Of The Theme Of Cultural Deformity In Its Variegated Aspects As Revealed In The Plays Of Mohan Rakesh Girish Karnad Vijay Tendulkar And Badal Sircar The Focus Is On Six Cultural Deformities Gender Social Political Physical Mental And Spiritual And A Full Length Chapter Is Devoted To Each **Am I OK?** Paul L.
