Scriptural Counseling A God Centered Method:

Christ-Centered Biblical Counseling James MacDonald, Bob Kellemen, Stephen Viars, 2013-03-01 Christ Centered Biblical Counseling is a comprehensive guide that will equip God's people to use biblical truth to change lives. More than that, this book will increase people's confidence in the sufficiency and relevancy of God's Word to address real-life issues in a multitude of counseling situations. Readers of this book will understand clearly why they should embrace biblical counseling. Be encouraged to trust God's Word to provide rich insight for living in the midst of even the most difficult challenges. Enjoy the relevant pastoral and theological teaching they have come to appreciate from such noted authors as James MacDonald, John Piper, Mark Dever, and Elyse Fitzpatrick. The 28 chapters blend theological wisdom and practical expertise. The first half of the book emphasizes a practical theology of biblical counseling; the second half highlights a practical methodology of biblical counseling. Though accessible to all Christians, the book will especially appeal to pastors and church leaders, counseling practitioners, students, and educators.

Scriptural Counseling: A God-Centered Method Oliver McMahan, 2019-11-14 This monograph from experienced counselor and teacher Oliver McMahan advocates a God-centered approach to pastoral counseling. In theocentric counseling, counseling is centered in God. God is the center and guide for all that is involved in the counseling process. McMahan reveals the biblical roots of pastoral counseling in Ezekiel 34 and John 10, scriptures that communicate the goals, direction, and methods of godly counsel. He also highlights basic trends and influential figures in the history of pastoral counseling since 1900. He outlines methodologies for counseling in the five areas of human functioning: assumptive, spirit, emotional, cognitive, behavioral, and contextual. He gives practical guidance for counseling families and couples, counseling in crisis situations, using special methods, and observing counseling ethics.

A Theology of Christian Counseling Jay E. Adams, 2010-08-10 Connecting sound biblical doctrine to the practice of effective counseling, Jay E. Adams, vocal advocate of a strictly biblical approach to counseling and author of the highly influential book *Competent to Counsel*, firmly believes that the Bible itself provides all the principles needed for understanding and engaging in holistic counseling. But in order to bring the practice of counseling, whether by professional therapists or by the church under biblical guidance, we first have to deepen our understanding of Scripture. *A Theology of Christian Counseling* is the connection between solid theology, the study of God, and its practical application. Each of its sections is devoted to increasing our understanding of counseling's potential by looking at it through the lens of doctrines such as Prayer and the doctrine of God, Human Sin, and the doctrine of Man, Redemption, and the doctrine of Salvation, Forgiveness, and the doctrine of Sanctification. No counseling system that is based on some other foundation can begin to offer what Christian counseling offers. No matter what the problem is, no matter how greatly sin has abounded, the Christian counselor's stance is struck by the far more abounding nature of the grace of Jesus Christ in redemption. What a difference this makes in counseling! Jay E. Adams. With this book, you'll gain insight into the rich theological framework that supports and directs your approach to how you help

Martin, 2024-04-23 This book examines personal and professional understandings of religion in psychotherapy and advocates for integrity competency and cultural pluralism in clinical practice A major feature of this book is that it confirms the massive proliferation of religion oriented approaches to counseling and therapy in recent years It attributes this rise to opportunism and exaggerated individualism among therapists and to the frequent failures of professional associations clinical preparation programs and other influences In response to these influences it identifies the

need for guiding principles for integrating religion into therapy discusses the religious issues that clients bring to therapy and advocates for major changes in clinical practice with emphasis on integrity and competence Building on a large volume of research and using evidence based conclusions it clarifies how these two major features of contemporary life can be integrated with integrity and competence The author maintains that religion should be a feature of the practice of counseling and therapy so long as it addresses the clinically relevant needs of clients However it also explores how the religion of counselors and therapists often expresses the needs of counselors and therapists instead of addressing the needs of their clients In the context of these questions and discussion of contentious challenges this book provides guidelines for relating religion with clinical practice and recommends needed actions by clinical preparation programs professional associations individual therapists state legislatures licensing boards social service agencies and corporations All of this stands on the conspicuous need for professional accountability in the delivery of mental health care
