Murder Rudolph Hess:

The Murder of Rudolf Hess Walter Hugh Thomas,1980 *The Murder of Rudolf Hess* Hugh Thomas, **Rudolf Hess** Abdallah Melaouhi,2013 **The Hitler Conspiracies** Richard J. Evans,2020 The Hitler Conspiracies focuses on five of the most enduring conspiracy theories involving the Nazi period including those that accompanied and even buttressed Hitler's rise. A distinguished work of history, this book offers equally a hard look at our own troubled times, a post-truth era in which alternative facts have gained new standing.

The Ruling Elite Deanna Spingola,2014 Providing a general overview of the accurate history of World War II which was essentially a continuation of World War I with the same saber-rattling participants. The Ruling Elite describes the circumstances leading up to World War II. Author Deanna Spingola discusses how the diaspora of distributed international bankers living and prospering in Britain, France, and America influenced greedy, compromised, and complicit politicians in those nations. The Ruling Elite explains that through deceptive propaganda, those politicians persuaded naive citizens to wage war against Germany, a peace-loving nation whose leaders were uncooperative with the bankers, which led to World War I. Following that war, German officials rejected the bankers and their money-lending scheme to save their nation and its citizens from the burden of debt. The aftermath of World War II, a deadly war that killed millions and imposed communism in numerous countries, impacted every banker-occupied country in various ways: culturally, morally, politically, and economically. Researched through historical documents and scholarly works, The Ruling Elite describes how warmongers regularly project their criminal activities onto others, frequently blaming the victim, whether an individual or a nation. Spingola offers an unbiased look at World War II, beginning with Hitler and the rebirth of Germany through the aftermath of the war.

Hitler's Doubles Peter Fotis Kapnistos,2015-04-08 Was the brutal dictator of the 20th century the masked instrument of a double-image delusion? Recently released war records reveal political decoys, doppelgangers, or body doubles. It is documented that the Nazi Fuhrer vetted at least four doubles. Look-alikes and crisis actors were used to impersonate Hitler in order to draw attention away from him and to deal with risks on his behalf. Hitler's Doubles details their names, their peacetime occupations, their deaths, and an escape to South America.

Cold War II Revision: Trump Putin Summit The Cold War II Revision 2018 is a reworked and updated account of the original 2015 Hitler's Doubles with an improved Index. Ascertaining that Hitler made use of political decoys, the chronological order of this book shows how a Shadow Government of crisis actors and fake outcomes operated through the years following Hitler's death until our time, together with pop culture memes such as Wunderwaffe, climate change, weapons, Brexit, Britain, and Trump's America. More Russians now have encouraging sentiments toward the U.S. for the first time since 2014. Hitler's Doubles covers modern world history events from WWII until today: The assassination of JFK, the Watergate scandal, the Iran hostage crisis, the Iran-Contra affair, the collapse of the Soviet Union, the attacks of 9/11, the appearance of the Islamic State with their cloaked backing of ex-Nazi interests. Hitler's Doubles includes much more information than its enigmatic title implies. This document is presented as a

Blind Eye to Murder Tom Bower, 1981 In 1942 when news of the Nazi genocide reached the West the leaders of the anti Hitler coalition pledged to punish all those responsible for war crimes Their resoluteness was confirmed by the Moscow declaration of December 1942 and a number of other pronouncements Despite this decision the compilation of a list of Nazi criminals and the arrests of some leading personalities after the war neither the U S nor Britain succeeded in punishing those guilty of the Holocaust and carrying out the denazification of Germany Although the Nuremberg Trials and some lesser ones were conducted in the British and American occupation zones many criminals not only went unpunished but were even reinstated in decision making positions in West Germany and many others were allowed into Britain and the U S Guided by political and economic considerations rather than by justice Britain the USA and other Western nations renounced their pledge and granted shelter to Nazi criminals and their accomplices Britain and other countries began to revise their policy toward former Nazi criminals only in the late 1980s 90s

Hitler's Children Gerald Posner, 2017-04-10 Fascinating Posner's book gives a remarkable insight from a family perspective into the lives of many of the top Nazis and vilest criminals Sunday Express A mesmerizing blood chilling book The contrast between innocent childhood experience and the awful understanding of that experience that came with time is enough to make you weep Los Angeles Times Fascinating A compelling look at the conflicting emotions felt by children of prominent Nazis Cleveland Plain Dealer They were the architects of terror but they were also fathers Now for the first time their children speak out a fascinating book Sunday Mail

G ring Hess Mengele Donitz Names that conjure up dark memories of Nazi Germany and the Holocaust They were the architects of the Third Reich And they were fathers Gerald Posner convinced eleven sons and daughters of Hitler s inner circle to break their silence Hitler s Children is a riveting and intimate look inside the families of top Nazis Based on exclusive and in depth interviews Gerald Posner provides an unforgettable portrait of some children ravaged by anger and hatred while others are riven with guilt and plead for forgiveness This second generation of perpetrators in Hitler s Children struggle with their Third Reich inheritance In grappling with memories of good and loving fathers who were later charged with war crimes these heirs to the Nazi legacy add a fresh and important perspective to understanding the complexity of what historian Hannah Arendt dubbed the banality of evil Hitler s Children is much more however than a series of startling family interviews It is also a spellbinding insider s look at some of the men whose names have become synonymous with terror This is a classic book about the second generation of Nazi perpetrators the only one ever to have family interviews with Hess Mengele Donitz and G ring No other book author or documentarian ever got those children to talk again And Norman Frank the eldest son of war criminal Hans Frank also never spoke to anyone but Posner Hitler s Children serves as a vivid reminder to all of us of the dangers of ignoring anti Semitism or thinking it will go away or can t get any worse These are the children who saw their fathers corrupted by the insidious centuries old hatred and their accounts serve as a clarion warning to us today that all decent people must redouble their efforts against racial and religious hatred The book perhaps more timely today than when it was published in 1991 includes a new introduction explaining why this book is particularly important during a time of rising international anti Semitism
