## **Museums And The Shaping Of Knowledge:**

**Museums and the Shaping of Knowledge** Eilean Hooper-Greenhill, 1992 Drawing on numerous case studies Hooper Greenhill presents a critical survey of major changes in current assumptions about the nature of museums and argues that museums are consciously organizing their spaces and collections to aid self learning

**Museums and the Shaping of Knowledge** Eileen Hooper Greenhill, 1992-01-23 Museums have been active in shaping knowledge over the last six hundred years Yet what is their function within today s society At the present time when funding is becoming increasingly scarce difficult questions are being asked about the justification of museums **Museums and the Shaping of Knowledge** presents a critical survey of major changes in current assumptions about the nature of museums Through the examination of case studies Eilean Hooper Greenhill reveals a variety of different roles for museums in the production and shaping of knowledge Today museums are once again organising their spaces and collections to present themselves as environments for experimental and self directed learning

**Museums and Their Visitors** Eilean Hooper-Greenhill, 2013-04-15 Museums are at a critical moment in their history In order to ensure survival into the next century museums and galleries must demonstrate their social relevance and use This means developing their public service functions through becoming more knowledgeable about the needs of their visitors and more adept at providing enjoyable and worthwhile experiences **Museums and Their Visitors** aims to help museums and galleries in this crucial task It examines the ways in which museums need to develop their communicative functions and with examples of case studies explains how to achieve best practice The special needs of a number of target audiences including schools families and people with disabilities are outlined and illustrated by examples of exhibition education and marketing policies The book looks in detail at the power of objects to inspire and stimulate and analyses the use of language in museums and galleries This is the first book to be written to guide museum and gallery staff in the development of provision for their visitors It will be of interest to students of museum heritage and leisure and tourism studies as well as to international museum professionals

**Online Museum Collections and Social Media** Katharina Geis, 2025-07-17 Museums increasingly digitize collections to expand public access and foster engagement beyond institutional spaces Katharina Geis explores how digital museum images are used shared and curated across platforms like Instagram TikTok and Pinterest Drawing on ethnographic research including participant observation and 90 interviews she examines how digital infrastructures and social contexts shape curation practices By tracing how users search for edit and share images the study reveals how digital image curation becomes a way of knowing about with and through artefacts in everyday life

**Centres and Cycles of Accumulation in and Around the Netherlands During the Early Modern Period** Lissa Roberts, 2011 The Netherlands housed a number of widely known envied and emulated centers of accumulation during the early modern period Raw and manufactured goods passed through Dutch port cities linking the country to global cycles of accumulation and exchange Its institutions of learning and culture similarly served as internationally famous

centers of accumulation that furthered knowledge and cultural production embodied in the form of books maps prints exhibits and the like This collection of essays brings together the Dutch histories of manufacture commerce and global exchange along with the histories of knowledge and cultural circulation during the 17th and 18th centuries by anatomizing the multi faceted concept of accumulation The book explores the processes that led to the formation of concentrated often hybrid sites of material intellectual and cultural accumulation in the Netherlands and its overseas stations as well as the concerns and consequences to which the successes and challenges of accumulation gave rise It will be of interest to historians of science technology culture and economics Series Low Countries Studies on the Circulation of Natural Knowledge Vol 2

**CULTURAL GEOGRAPHY IN PRACTICE** Miles Ogborn, Alison Blunt, Piers Gruffudd, David Pinder, 2014-04-23 Cultural Geography in Practice provides an innovative and accessible approach to the sources theories and methods of cultural geography Written by an international team of prominent cultural geographers all of whom are experienced researchers this book is a fully illustrated guide to methodological approaches in cultural geography In order to demonstrate the practice of cultural geography each chapter combines the following features Practical instruction in using one of the main methods of cultural geography e g interviewing interpreting texts and visual images participatory methods An overview of a key area of concern in cultural geography e g the body national identity empire marginality A nuts and bolts description of the actual application of the theories and methods within a piece of research With the addition of boxed definitions of key concepts and descriptions of research projects by students who devised and undertook them Cultural Geography in Practice is an essential manual of research practice for both undergraduate and graduate geography students

*Museums and the Interpretation of Visual Culture* Eilean Hooper-Greenhill, 2020-11-25 This is a multi disciplinary study that adopts an innovative and original approach to a highly topical question that of meaning making in museums focusing its attention on pedagogy and visual culture This work explores such questions as How and why is it that museums select and arrange artefacts shape knowledge construct a view How do museums produce values How do active audiences make meaning from what they experience in museums This stimulating book provokes debate and discussion on these topics and puts forward the idea of a new museum the post museum which will challenge the familiar modernist museum A must for students and professionals in the field

*Culture and Class in English Public Museums, 1850-1914* Kate Hill, 2005 This work is in part a study of the creation of professional authority and autonomy by museum curators More importantly though it is about the stabilization of middle class identities by the end of the nineteenth century around new hierarchies of cultural capital By examining urban identities through the cultural lens of the municipal museum we are able to reconsider and better understand the subtleties of nineteenth century urban society
