Grove's Dictionary of Music and Musicians George Grove,John Alexander Fuller-Maitland,1907 [Reminded by the Instruments](#) You Nakai,Yu Nakai,2021 David Tudor is remembered today as an extraordinary pianist of post war avant garde music who worked closely with composers like John Cage and Karlheinz Stockhausen and as a founding figure of live electronic music His bold reinterpretation of Cage s Variations II and his idiosyncratic performances using homemade modular instruments inspired a whole generation of musicians But his reticence his unorthodox approaches and the diversity of his creative output which began with the organ and ended with visual art have kept Tudor a puzzle Reminded by the Instruments sets out to solve the puzzle of David Tudor by applying Tudor s own methods for approaching the materials of others to the vast archive of materials that he himself left behind Author You Nakai deftly patches together instruments electronic circuits sketches diagrams recordings letters receipts customs declaration forms and testimonies like modular

pieces of a giant puzzle to reveal a new perspective on Tudor's creative process. Rejecting the established narrative of Tudor as a performer turned composer, this book presents a lively portrait of an artist whose work always merged both of these roles. In reading Tudor's electronic devices as musicological texts and examining his dissection of electronic circuits, Nakai transcends discourses on sound and illuminates our understanding of the instruments behind the sounds in post-war experimental music.
