Music Appreciation Contemporary Poetry Series:

Music Appreciation Floyd Skloot, 1994 Poems move from a troubled childhood through an adulthood shadowed by that childhood

The Poetry of Business Life Ralph Windle, 1994 Love death religion relationships these subjects typically inspire collections of poetry But business Most people think of business and poetry as two separate and incompatible areas of life In February 1991 Alan Farnham expressed this common belief when he wrote in Fortune Magazine Not many people in business feel an urge to write verse about their work Challenged by this statement Ralph Windle began a three year search for the poetry of business life and found a profusion of verse exploring all aspects of business The author's research revealed that not only is there a large body of business poetry in existence today but business has been the subject of poems since the invention of the written word The poems in this collection range from early agribusiness to the ever present entrepreneur merchant banker and with the coming of the industrial age the worker and manager right up to twentieth century concerns with global travel technology and the complexities of office life Included are the works of more than seventy poets and twice that many pieces Young unpublished business poets rub elbows with widely published contemporary writers such as James Autry Harry Newman and Dana Gioia as well as some of the most distinguished names in poetic literature including Shakespeare Chaucer Tennyson and Kipling With poems that cover a wide variety of topics and professions from David Alpaugh's A California Adman Celebrates His Art to Richard Ellis Roberts Overheard at the Literary Party from Constance Alexander's Outplacement Blues to Bertie Ramsbottom's Death By Merger this anthology offers something for every reader In an age when most people spend the majority of their waking lives involved in some kind of business it seems natural that poetry which is the essence of human emotional records would be affected by business concerns Business writes the author now touches all our lives and consumes for ever growing numbers of us our work time energies and passions Yet few it is supposed could find inspiration in its banalities The size and scope of *The Poetry of Business Life* easily prove this supposition wrong Many contemporary business people write verse about their experiences serious and humorous as they seek an outlet for their creativity Business people and their organizations mutually gain from this expression by sending signals to the world that human sensitivities are highly compatible with effective business performance Humor insight sadness wisdom and anger are all represented in this unique collection and offer a dynamic living picture to all people in organizations their families and the wider professions as well Business speech writers too will find in it a rich treasure trove of choice quotations
