some of the key issues of the day in their historical context Using a comparative method that seeks to move away from the division of Shakespeare s works into categories of tragedies comedies and histories plays are compared and contrasted for the purpose of analysing wider contextual questions This is a useful book for students and with its companion volume Shakespeare The Jacobean Plays which examines the plays written after the accession of James I in 1601 it provides an overview of the work of a great dramatist in his own time Shakespeare and Shakespeariana Meisei Daigaku.
