Museums Art Facilities:

Building Better Arts Facilities Joanna Woronkowicz, D. Carroll Joynes, Norman Bradburn, 2014-11-27 At the turn of the 21st century a significant boom in the construction of cultural buildings took saw the creation of hundreds of performing arts centers theaters and museums After these buildings were completed however many of these cultural organizations struggled to survive or alternatively drifted off mission as the construction project forced monetary or other considerations to be prioritized Building Better Arts Facilities Lessons from a U S National Study examines the ways in which organizations planned and managed building projects during this boom and investigates organizational operations after projects were completed By integrating quantitative data with case study evidence the authors identify the differences between the ways some organizations were able to successfully meet the challenges of a large construction project and others that were not With empirical evidence and analysis this book highlights better practices for managing and leading cultural building ventures Readers of this book be they arts managers politicians board members city planners foundation executives or philanthropists will find that book provides valuable perspective and insight about building cultural facilities and that reading it will serve to make building projects go more smoothly in the future *Museums and Centers of Contemporary Art in*

Central Europe after 1989 Katarzyna Jagodzińska, 2019-07-02 Museums and Centers of Contemporary Art in Central Europe is a comprehensive study of the ecosystem of art museums and centers in the Czech Republic Hungary Poland and Slovakia Focusing on institutions founded after 1989 the book analyses a thirty year boom in art exhibition space in these regions as well as a range of socio political influences and curatorial debates that had a significant impact upon their development Tracing the inspiration for the increase in art institutions and the models upon which these new spaces were based Jagodzińska offers a unique insight into the history of museums in Central Europe Providing analysis of a range of issues including private and public patronage architecture and changing visions of national museums of art the book situates these newly founded institutions within their historical political and museological contexts Considering whether and in what ways they can be said to have a shared regional identity that is distinct from institutions elsewhere this valuable contribution paints a picture of the region in its entirety from the perspective of new institutions of art Offering the first comprehensive study on the topic Museums and Centers of Contemporary Art in Central Europe should be of great interest to academics researchers and postgraduate students engaged in the study of museums art history and architecture [The Art Museum as Educator](#)
