## Never Kiss An Angel:

**The Stormwatcher** Graham Joyce, 2005-08 Of those writers who stoically refuse to trudge along horror fiction's well worn path Joyce with British Fantasy Awards to his credit for *Requiem* and *The Tooth Fairy* has perhaps had the most success And now we can add to that list *The Stormwatcher* For this remarkable fine and almost unclassifiable book is a complete breath of fresh air even considering his past achievements The story is simply the interaction of a group of somewhat dysfunctional friends during a two week holiday in a lonely cottage in the Dordogne region of France The group comprises James and his French wife Sabine and their two young daughters Beth and the confused Jessie plus James's one time colleague Matt and his wife Chrissie and just to make things interesting the sultry Rachel another work chum of James and one with whom he has shared considerably more than the occasional business meeting As the story progresses we discover that one of the party an unnamed instructor whose identity is kept hidden until the end of the book is engaged in secret lessons with the impressionable Jessie for reasons not immediately clear Meanwhile courtesy of a nicely realized series of tense charged flashbacks we learn more of the instructor's background and an almost symbiotic relationship in which both she and her lover speak only lies to each other All the time Jessie grows more intense and confused while around her other members of the party grow by turn increasingly belligerent or subservient manipulative or malleable paranoid or confident And underpinning the sequence of events is an intense feeling of primal sensuality evoked both by the environment and an approaching storm its progress cleverly interjected into the proceedings by a series of half page chapters explaining meteorological behaviour and by the behaviour of the adults as their feelings for each other and their protectiveness and confusion at the antics of and comments from young Jessie swirl and eddy Signed by the author This is the only US edition Skyhorse Publishing under our Night Shade and Talos imprints is proud to publish a broad range of titles for readers interested in science fiction space opera time travel hard SF alien invasion near future dystopia fantasy grimdark sword and sorcery contemporary urban fantasy steampunk alternative history and horror zombies vampires and the occult and supernatural and much more While not every title we publish becomes a New York Times bestseller a national bestseller or a Hugo or Nebula award winner we are committed to publishing quality books from a diverse group of authors

[Do Angels Smooch](#) Professor Edward Kapambwe, 2021-06-01 *Do Angels Smooch* Do angels smooch If not why so much obsession in lyrics movies and books about angels and kissing Are there any more surprises that Edward Kapambwe unveils in his book Well there is more For example Kapambwe takes us into an in depth angelic journey in order to understand the extent of angelic involvement in human affairs than ever before He brings out novel elements that have never been unveiled previously For example he recounts how angels visit our stores They buy the stuff they need before meeting people Haven't you noticed that no angel has ever appeared nude or with wings in real life

They come already dressed just like us and that is why we have been unable to identify them We are surrounded by angels both good and evil Evil angels no longer transform themselves into humans Only good angels still do Since there are no shops in heaven where do they get the stuff they wear Besides that what happens to these apparels after being used The author asserts that angels donate them to Thrift Stores such as Goodwill the Salvation Army and others Donating to Thrift Stores is an ingenious way to make them accessible to both the rich and the poor Have you wondered why they do that It is a deliberate move they take so that ordinary people could buy things worn by angels That begs another question why do they do that The answer is amazing They do that on purpose because they know that to wear stuff worn by holy angels comes with tremendous blessings This book explains that point persuasively In addition the author contends that these angels are highly disciplined entities such that they never steal anything from banks stores or homes of rich people even though they are able to do so without being seen Angels are invisible spirits entities However they have the ability to transform themselves into regular human beings The author throws in another insight He argues and states that helping strangers gives a person the best chance to be visited by an angel The author then explains to us the probabilities of being smooched by an angel Do angels smooch That question points us in the direction of social theology than philosophy It is not a new question but the framing might be Many theologians have debated extensively the narrative found in Genesis 6 where angels came on earth and married daughters of men With his masterful insight and knowledge of theology and philosophy the author gives a different angle of the workings of angels among us It is not a book to miss If there is one book you need to read in your lifetime Do Angels Smooch should be on top of your list
