## **New Absolutes:**

*Outrageous Truth...* Robert Jeffress, 2008-03-18 SEVEN OUTRAGEOUS TRUTHS YOU CAN STILL BELIEVE AND WHY Every other religion is wrong God sends good people to Hell Homosexuality is a perversion Evolution is a myth God is ultimately responsible for suffering in the world Husbands are to lead their families America is a Christian nation In Hell Yes Dr Robert Jeffress issues a bold wakeup call to all believers from college students to grandparents to stop apologizing for and start proclaiming the tough but essential truths that Christians have historically embraced And he provides the finest biblical scientific and historical evidence needed to defend these core beliefs in a culture turned hostile to God s truth Dr Jeffress believes the secular spirit of political correctness is holding the church hostage And the tragic result is that the revolutionary life changing positive message of the Christian faith is being watered down If you are weary of a Christianity that waffles and wavers about controversial issues if you are ready to stand up and compassionately yet forcefully and intelligently say This is what I believe and here s why then this book is for you *Metamorphoses of the Absolute* Otto Neumaier, Daina Teters, 2019-01-10 This collection of essays is devoted to the diversity of the conceptual and terminological definitions of the notion of the absolute Absolute comprises both the concepts of the Western world related to God and the verbal constructions flowing from these ideas in the spheres of law philosophy linguistics politics medicine literature and arts Over time absolute and its neologisms have undergone various modifications assuming the associated characteristics of syntactic ambiguity and inflation Absolute can imply an increase in the degree of a quality attached to some object or phenomenon and can be used as either an adverbial modifier or a proper noun In its appearances as a procedural term absolute mostly conveys a negative connotation when evaluating some action The question posed in this book is not what absolute is but what possibilities exist with regard to perceiving and conceptualizing it in human terms both historically and in the present

**The Ethics of Resistance** Drew M. Dalton, 2018-08-23 Opening a new debate on ethical reasoning after Kant Drew Dalton addresses the problem of the absolute in ethical and political thought Attacking the foundation of European philosophical morality he critiques the idea that in order for ethical judgement to have any real power it must attempt to discover and affirm some conception of the absolute good Without rejecting the essential role the absolute plays within ethical reasoning Dalton interrogates the assumed value of the absolute Dalton brings some of the most influential contemporary philosophical traditions into dialogue with each other speculative realists like Badiou and Meillassoux phenomenologists including Husserl Heidegger and Levinas German Idealists especially Kant and Schelling psychoanalysts Freud and Lacan and finally post structuralists specifically Foucault Deleuze and Ranciere The relevance of these thinkers to concrete socio political problems is shown through reflections on the Holocaust suicide bombings the rise of neo liberalism and neo nationalism as well as rampant consumerism and racism This book re defines ethical reasoning as that which refuses absolutes and resists what Milton s devil in Paradise Lost called the tyranny of heaven Against traditional ethical reasoning

Dalton sees evil not as a moral failure but as the result of an all too easy assent to the absolute an assent which can only be countered through active resistance For Dalton resistance to the absolute is the sole channel through which the good can be defined [Ricœur at the Limits of Philosophy](#) Barnabas Aspray,2022-08-25 Can finite humans grasp universal truth Is it possible to think beyond the limits of reason Are we doomed to failure because of our finitude In this clear and accessible book Barnabas Aspray presents Ric ur s response to these perennial philosophical questions through an analysis of human finitude at the intersection of philosophy and theology Using unpublished and previously untranslated archival sources he shows how Ric ur s groundbreaking concept of symbols leads to a view of creation not as a theological doctrine but as a mystery beyond the limits of thought that gives rise to philosophical insight If finitude is created then it can be distinguished from both the Creator and evil leading to a view of human existence that instead of the anguish of no proclaims the joy of yes

**Legislating Morality** Norman L. Geisler, Frank Turek,2003-02-12 America s moral decline is not secret An alarming number of moral and cultural problems have exploded in our country since 1960 a period when the standards of morality expressed in our laws and customs have been relaxed abandoned or judicially overruled Conventional wisdom says laws cannot stem moral decline Anyone who raises the prospect of legislation on the hot topics of our day abortion family issues gay rights euthanasia encounters a host of objections As long as I don t hurt anyone the government s should leave me alone No one should force their morals on anyone else You can t make people be good Legislating morality violates the separation of church and state Legislating Morality answers those objections and advocates a moral base for America without sacrificing religious and cultural diversity It debunks the myth that morality can t be legislated and amply demonstrates how liberals moderates and conservatives alike exploit law to promote good and curtail evil This book boldly challenges prevailing thinking about right and wrong and about our nation s moral future
