Melville's Mirrors Brian Yothers, 2019 An accessible and highly readable guide to the story of Melville criticism as it has developed over the past century and a half Herman Melville is among the most thoroughly canonized authors in American literature and the body of criticism dealing with his writing is immense Until now however there has been no standard volume on the history of Melville criticism That a volume on this subject is timely and important is shown by the number of introductions and companions to Melville's work that have been published during the last few years none of which focuses on the critical reception of Melville's works as well as the steady stream of critical monographs and scholarly biographies that have been published on Melville since the 1920s Melville's *Mirrors* provides Melville scholars and graduate and undergraduate students with an accessible guide to the story of Melville criticism as it has developed over the years It is a valuable reference for research libraries and for the personal libraries of scholars of Melville and of nineteenth century American literature in general and it is also a potential textbook for major author courses on Melville which are offered at many universities BRIAN YOTHERS is the Frances Spatz Leighton Endowed Distinguished Professor of English at the University of Texas at El Paso and associate editor of *Leviathan: A Journal of Melville Studies* He is the author of *Reading Abolition: The Critical Reception of Harriet Beecher Stowe and Frederick Douglass* Camden House 2016 Melville's Antithetical Muse Juana Celia Djelal, 2017-07-27 Este estudio analiza la poética de oposición de Melville y se centra en aspectos locales temáticos retóricos y técnicos de los poemas del autor La tensa relación de Melville con su país ensayada en sus novelas se condensa en la poesía que se analiza aquí Como poeta Melville es por increíble que parezca una voz que clama en tierra salvaje con la extensa tradición de los clásicos occidentales y de la Biblia que se repiten en estos poemas Las obras analizadas en este libro han sido seleccionadas de las tres colecciones de poesía publicadas durante la vida de Melville *Battle Pieces and Aspects of the War* John Marr and *Other Sailors with Some Sea Pieces* y *Timoleon* Etc La disensión que emana de este corpus poético subraya el inconformismo de Melville con las expectativas ortodoxas de la América de finales del siglo XIX

Herman Melville's Malcolm Letter Hennig Cohen, Donald Yannella, 1992 The Malcolm Letter was written by Melville in 1849 on the birth of his son This letter is one of thirty six to be retrieved since the publication of *The Letters of Herman Melville* 1960 and has earned a place in the New York Public Library's Gansevoort Lansing Collection Addressed to Melville's brother the letter entices critics to read it on several levels It reveals Melville's serious consideration of his own father's influence on his upbringing as he anticipates undertaking the role of father himself It is not a literary work but a deeply personal outpouring distinguished by dark underpinnings barely hidden by his light hearted tone In a bit of dramatic irony

Melville reflects on the responsibility looming ahead of him as the reader notes the tragedy that Melville cannot possibly foresee his son Malcolm's suicide eighteen years later. Cohen's and Yannella's careful study relives for the reader this and other events which shaped the clannish Melville family history. They also show how the author's struggle with these pressures are manifested in his writing. This volume is published in cooperation with the New York Public Library. [White Lies](#) John Samson, 2020-06-30. The narrative of facts probably best exemplified in the literature of exploration was an immensely popular genre in mid-nineteenth century America. In *White Lies* John Samson offers full contextual readings of Melville's five major narratives of facts: *Typee*, *Omoo*, *Redburn*, *White-Jacket*, and *Israel Potter*. Samson demonstrates that in these novels Melville critically rewrote the sources on which he drew in effect, making the genre itself a subject of his writing. In his introduction Samson discusses Melville's knowledge of the genre and its ideology. He then reads each novel in terms of Melville's confrontation with its sources. In each, Samson says an unreliable narrator represents particular ideological tendencies in Melville's sources. Melville heightens and extends these tendencies, exposes the contradictions and biases within them, and ends by showing the narrator evading or denying experiences that conflict with his ideology. According to Samson, Melville sees the concept of historical progress as the basis of these biases and evasions. In these five novels Melville reveals the conflict between democratic, humanitarian, and individualistic principles on the one hand and the forces of racial superiority, religious bigotry, economic determinism, and political conservatism on the other. Taken together, Samson asserts these novels deconstruct the intellectual foundations of the form of historical narration endorsed by white patriarchal culture. Scholars and students of nineteenth century American literature specialists in the novel and other readers of Melville will welcome Samson's provocative reinterpretation of these key works in American culture. *Taius*, 1972. *Melville's Concepts of the Poet and Poetry* Agnes Dicken Cannon, 1968. *American Transcendental Quarterly* Kenneth Walter Cameron, 1972. *Journal of New England writers*. **Unpainted to the Last** Elizabeth A.
