*Parliamentary Debates* Victoria. Parliament,1891      Towards the emancipation of patients Williamson, Charlotte,2010-06-09 Despite a policy focus on involving patients in health care and increasing patient autonomy much covert coercion of patients takes place in everyday healthcare This book by a leading patient activist examines for the first time how the patient movement which works to improve the quality of healthcare can actually be considered an emancipation movement when led by its radical elements In this highly original book the author argues that radical patient groups and individual activists who repeatedly challenge or oppose some standards in healthcare can be seen as working in the direction of freeing patients from coercion and from its associated injustice and inequality Combining new academic theory with rich empirical evidence the book explains how looking at healthcare from an emancipatory perspective could improve its quality as patients experience it It will appeal to health professionals managers patient activists policy makers and others concerned with the quality of healthcare      Cobbett's Parliamentary Debates ,1885      *Current Literature* ,1905      Representation ,1909      **The Saturday Review of Politics, Literature, Science and Art** ,1896      Law Notes ,1917      **Scientific Canadian Mechanics' Magazine and Patent Office Record** Canada.
