Military Base Closure David S. Sorenson, 2006-11-30 Between 1988 and 1995 the Base Realignment and Closure BRAC Commission closed down 97 bases and realigned over 350 other bases A hot button topic in the military field base closings is an important issue that affects not only soldiers but ordinary citizens as well Due to their massive economic significance for local and regional communities military bases impact thousands of people and thus encompass various political interests between local state and national levels This reference work investigates the politics and key political figures involved in base closing decisions and considers various reasons why bases have been and continue to be closed down An overview of the U S military base infrastructure as well as primary documents is included to help students understand the BRAC Commission process between 1988 2005 The book also analyzes the closure of overseas bases outside of the BRAC process Ideal for high school undergraduate and graduate students this comprehensive handbook is the only complete reference guide to military base closings

Military Base Closures David E. Lockwood, 2003 Approximately 13 years ago in December 1988 the first military base closure commission recommended the closing and realignment of 145 US domestic bases and facilities This action was the consequence of the Department of Defense s broad reevaluation of its mission in conjunction with the weakening and ultimate collapse of the Soviet Union There was little need according to the Pentagon to continue to retain the vast Cold War era infrastructure Funds saved from closing down under utilised bases DOD further noted could be used to enhance development of new weapons and improved readiness Three additional rounds followed the 1988 round of infrastructure reductions in 1991 1993 and 1995 Since then no further rounds of base closures and realignments have been authorised by Congress despite repeated requests from the Department of Defense in recent years for two additional rounds The reasons for congressional resistance are two fold First there is concern over a likely backlash from constituents living in or near military installations Second many Members of Congress remain wary about a repetition of the perceived political intrusion by the Clinton Administration that occurred in regard to the 1995 recommendations to close Kelly and McClellan air force bases This book reveals the tension in the military facilities that may yet again be up for closure Also discussed are

the issues members of Congress feel need be answered before conducting a new round of base closures when the national security environment is uncertain

Military Base Peggy Pancella,2005-09 This book describes the work places schools transportation and unique places found on a military base

Base Nation David Vine,2015-08-25 American military bases encircle the globe from Italy to the Indian Ocean from Japan to Honduras The far reaching story of the perils of the U S military bases and what these bases say about America today

Military Base Closures Mark A. Little,2002-07 Congress recently authorized another round of defense base realign and closures beginning in 2005 but many in the Congress continue to have questions about the implementation of the prior rounds in 1988 1991 1993 and 1995 This report updates the status of the 4 prior rounds of defense base realign and closures at the conclusion of the 6 year implementation period assoc with the 1995 round The report addresses the magnitude of the net savings accruing from the prior 4 closure rounds and the impact of remaining closure related costs on future savings DoDs progress in transferring unneeded base property to other users and the econ recovery of communities affected by base closures

Area 51 Annie Jacobsen,2011-05-17 This compellingly hard hitting bestseller from a Pulitzer Prize finalist gives readers the complete untold story of the top secret military base for the first time New York Times It is the most famous military installation in the world And it doesn't exist Located a mere seventy five miles outside of Las Vegas in Nevada's desert the base has never been acknowledged by the U S government but Area 51 has captivated imaginations for decades Myths and hypotheses about Area 51 have long abounded thanks to the intense secrecy enveloping it Some claim it is home to aliens underground tunnel systems and nuclear facilities Others believe that the lunar landing itself was filmed there The prevalence of these rumors stems from the fact that no credible insider has ever divulged the truth about his time inside the base Until now Annie Jacobsen had exclusive access to nineteen men who served the base proudly and secretly for decades and are now aged 75 92 and unprecedented access to fifty five additional military and intelligence personnel scientists pilots and engineers linked to the secret base thirty two of whom lived and worked there for extended periods In Area 51 Jacobsen shows us what has really gone on in the Nevada desert from testing nuclear weapons to building super secret supersonic jets to pursuing the War on Terror This is the first book based on interviews with eye witnesses to Area 51 history which makes it the seminal work on the subject Filled with formerly classified information that has never been accurately decoded for the public Area 51 weaves the mysterious activities of the top secret base into a gripping narrative showing that facts are often more fantastic than fiction especially when the distinction is almost impossible to make
