Middlebrook, David Scott Palmer, 1975 **The Rise and Fall of the Peruvian Military Radicals 1968-1976** George D.E. Philip, 2015-11-19 Philip tackles the major problems posed by military radicalism in Peru between 1968 and 1976 He discusses the ideology of the military the commitment of the officer corps to reform the degree of reformism and the limits of popular participation and attempts to answer why it was possible for a radical military government to arise in Peru The answers contribute not only to an understanding of modern Peru but also to the general study of the military in politics Military Reformism and Social Classes David Booth, Bernardo Sorj, 1983-06-18 The Military in South American Politics George Philip, 2024-10-31 First published in 1985 The Military in South American Politics analyses the nature of military involvement in politics in Latin America The author presents many original arguments in the course of his discussion of the key issues These include the civil military system whereby the military exert power and influence even when they are not in government how this system and also military professionalism have developed over time how the corporatist ethic of South America military differs from the partisan ethic of the military in Central American and Caribbean countries and the consequences of this how there are different types of coups how the military find it difficult to disengage how the military often intervene to exercise the principle of guardianship in order to preserve the fabric of society and economy which in South America are remarkably stable despite the many coups Throughout the author draws on examples from all Latin American countries from the middle of the nineteenth century onwards and summarises the existing literature to support his rich and convincing arguments The book concludes with a summary of the arguments and with a discussion of trends and the prospects for real democratisation It is a must read for students and researchers of Latin American politics and military studies The Cambridge History of Latin America Leslie Bethell, 1984 This is an authoritative large scale history of the whole of Latin America from the first contacts between native American peoples and Europeans in the late fifteenth and early sixteenth centuries to the present day **Latin America in the Era of the Cuban Revolution and Beyond** Thomas C.
