A., 1901 *The Writings of Alexander Campbell* W. A. Morris, 2015-07-12 Excerpt from *The Writings of Alexander Campbell Selections Chiefly From the Millennial Harbinger* Another book has been floated upon the tide of Time its value must be determined alone by an examination of its contents The thoughts contained within its pages have not proceeded from our brain but from that of one of the greatest thinkers of this or any other age The work is a compilation from the writings of Alexander Campbell chiefly from the *Millennial Harbinger* embracing most of the theological questions which have divided the religious world into sects and factions A few articles may appear which were written by others but only such as had his unqualified endorsement Since the light of the gospel of Christ was obscured we have had many reformers Luther Knox Calvin Wesley and others Each one contributed something to the cause of truth but none succeeded in freeing themselves fully from the dogmas and superstitions of the dark ages We cherish the name of every man who has contributed his part to the amelioration and elevation of the human race We contemplate with admiration the men who have added one stone to the great temple of science We view with astonishment the genius of an Alexander a Bonaparte the Caesars and other great chieftains who have crimsoned the world with blood only to gratify their lust for power and ambition for fame How much more then should we venerate and honor the man whose whole life has been dedicated and devoted to the good of man and the salvation of souls
