## Mr Big Lean Into It:

**Be Amazing** Jim Anaple,2011-05-23 Growing up in middle class Toledo Ohio in the 1980s career choices were somewhat limited to working in factories or in the medical field I came from a very stable home as the oldest of six kids with two hard working parents that provided for us but didnt spoil us Our parents gave us a private education grades 1 12 and my Father helped get me a summer job to pay for college at the local General Motors plant where he worked In college I had two majors one in Political Science and one in Communications As part of my Communications major I got an internship at the local rock n roll radio station which resulted in becoming the morning show producer for the the well known morning show team of Karlson and McKenzie with that radio station This story is about what happened from there Its about dealing with the unpredictable changes that happen with your company and your career and what happens when they overlap Its also a story about who and what can influence your decision to stay or to leave

**Don't Call It Hair Metal** Sean Kelly,2023-05-16 A love letter to the hard rocking but often snubbed music of the era of excess the 1980s There may be no more joyous iteration in all of music than 1980s hard rock It was an era where the musical and cultural ideals of rebellion and freedom of the great rock n roll of the 50s 60s and 70s were taken to dizzying heights of neon excess Attention to songcraft showmanship and musical virtuosity especially in the realm of the electric guitar were at an all time high and radio and MTV were delivering the goods en masse to the corn fed children of America and beyond Time hasn t always been kind to artists of that gold and platinum era but Don t Call It Hair Metal analyzes the sonic evolution musical diversity and artistic intention of 80s commercial hard rock through interviews with members of such hard rock luminaries as Twisted Sister Def Leppard Poison Whitesnake Ratt Skid Row Quiet Riot Guns N Roses Dokken Mr Big and others

Van Halen Michael Christopher,2021-10-06 Come the late 70s the rock music landscape was littered with the bloated carcasses of bands who partied too hard burned out or became complacent in success The door was open for something fresh wild and enrapturing Enter Van Halen Made up of two Dutch born brothers one on drums and the other whose guitar was an extension of his very being a bass player with a golden throat and a frontman who made up for his lack of singing ability with attitude and gravity defying acrobatics onstage they were unlike anything ever seen before Alex and Edward Van Halen Michael Anthony and David Lee Roth put a cap on one decade and exploded into the next with a brand of music not quite punk not quite metal and not at all subtle They went from headlining backyard keggers to top billing at the US Festival in front of three hundred thousand people within five years Then right when it looked like there wasn t an obstacle created to slow the Mighty Van Halen ascent the group imploded from the inside out only to rebound stronger than

ever with ex Montrose howler Sammy Hagar leading them to four consecutive number one albums Van Halen The Eruption and the Aftershock tells the story of how one of America's greatest bands weathered arguably the most dramatic soap opera in rock and roll history with songs that would weave themselves into the fabric of every musician who heard them alongside an incendiary and unrivaled live show Featuring exclusive interviews with insiders fans and artists who were there to witness the rise the tumult and the making of legends it's a story that has to be read to be believed *HAIrcyclopedia Vol. 1 - The Legends* Taylor T.
