Millennium Myth:

The Millennium Myth Nicholas Thomas Wright, 1999-01-01 Wright argues that getting ready for the millennium does not mean getting ready for the end of the world as we know it and shows that the millennium hype is masking a deeper problem in our culture By following some ancient words on hope Wright outlines a practical way for creating a better world as we move into the coming age

The Millennium Myth Sean M. O'Shea, Meryl A. Walker, 1998 Exploring how the millennium as a concept found its way into our cultural consciousness the authors of this text follow the global millennium myth from its earliest known sources to the present day and the immediate future

The Millennium Myth Michael Grosso, 1995 Visionary thinkers of the past and startling projections for the future point the way toward humankind's coming regeneration

The Myth of the Millennium Nicholas Thomas Wright, 1999-01-01

Leaving Safe Harbors Dennis Carlson, 2002 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company

The First Ninety Years Lluís Feliu, Fumi Karahashi, Gonzalo Rubio, 2017-09-11 This volume is dedicated to Miguel Civil in celebration of his 90th birthday Civil has been one of the most influential scholars in the field of Sumerian studies over the course of his long career This anniversary presents a welcome occasion to reflect on some aspects of the field in which he has been such a driving force

American Mythologies William Blazek, Michael K. Glenday, 2005-01-01 This challenging new book looks at the current reinvention of American Studies a reinvention that among other things has put the whole issue of just what is American and what is American Studies into contention The collection focuses in particular on American mythology The editors themselves have written essays that examine the connections between mythologies of the United States and those of either classical European or Native American traditions William Blazek considers Louise Erdrich's *Love Medicine* novels as chronicles combining Ojibwa mythology and contemporary U S culture in ways that reinvest a sense of mythic identity within a multicultural postmodern America Michael K Glenday's analysis of Jayne Anne Phillips work and explores in it the contexts where myth and dream interact with each other Betty Louise Bell is one of four essayists in this collection who focus their criticism on authors of Native American heritage In the first part of *Indians with Voices* Bell carefully argues that Roy Harvey Pearce's seminal Native American studies text *Savagism and Civilization* fails to acknowledge its white elitist assumptions about what constitutes The American Mind and views Native Americans along a primitive savage binary that helped to create a twentieth century national mythos of innocence and destiny Other essays include Christopher Brookeman's study of the impact of Muhammad Ali on Norman Mailer's non fiction writing about heavyweight boxing

Adapa and the South Wind Shlomo Izre'el, 2001-06-30 The scholarly world first became aware of the myth of Adapa and the South Wind when it was discovered on a tablet from the El Amarna archive in 1887 We now have at our disposal six fragments of the myth The largest and most important fragment from Amarna is dated to the 14th century B C E This fragment of the Adapa myth has red tinted points applied on the tablet at specific intervals Izre el draws attention to a few of these points that were missed in previous

publications by Knudtzon and Schroeder Five other fragments were part of the Assurbanipal library and are representative of this myth as it was known in Assyria about seven centuries later The discovery of the myth of Adapa and the South Wind immediately attracted wide attention Its ideology and its correspondence to the intellectual heritage of Western religions precipitated flourishing studies of this myth both philological and substantive Many translations have appeared during the past century shedding light on various aspects of the myth and its characters Izre el unveils the myth of Adapa and the South Wind as mythos as story To do this he analyzes the underlying concepts through extensive treatment of form He offers an edition of the extant fragments of the myth including the transliterated Akkadian text a translation and a philological commentary The analysis of poetic form that follows leads to understanding the myth as a piece of literature and to uncovering its meanings This study therefore marks a new phase in the long extensive research into this Mesopotamian myth

Language and Communication at Work François Cooren, Eero Vaara, Ann Langley, Haridimos Tsoukas, 2014-03 This book examines language and communication as an inherent part of on going organizational processes It explores language and communication as constitutive of work analyses how they actually work and examines their role as part of strategic and institutional work in and around organizational phenomena **Myth of the Millennium** Random House, 1999-04-01

The Theosophist ,1999 **Educational Yearning** Thomas Oldenski, Dennis Carlson, 2002 What room is there for a language of spirituality and the spirit in democratic forms of education This is the question posed in this collection of essays by a broad range of scholars working in education Beginning with the premise that postmodernism is associated with a re spiritualization of culture the authors seek to explore ways in which this re spiritualization can be pushed in democratic rather than rightist or fundamentalist directions What they celebrate is diversity of progressive traditions and discourses of spirituality that educators and other cultural workers can draw upon to inform practice even as they trouble all essentialistic notions of spirituality Together these essays move democratic education onto a fundamentally new cultural terrain and they suggest that the metaphor of the journey of the spirit is one of the most enduring and potentially democratic ways of thinking about what it means to teach and to become educated Midstream ,1993 **Bulletin of the Institute of Classical**

Studies of the University of London University of London. Institute of Classical Studies, 1968 **The Myths of Plato** Plato, 1905 Parabola ,1997 **Bulletin** California.
