**The Millennium Party Book** Lauren Floodgate, Lucy Knox, Sarah Loman, 1999 With over 1001 ideas and themes and over 100 recipes

Nordic Party Members Marie Demker, Knut Heidar, Karina Kosiara-Pedersen, 2019-12-12 Political parties provide continuity at the elite level and among the mass electorate in times when populist forces threaten the stability of many western democracies The parties however have experienced turbulent times with declining memberships among the established parties volatile electorates and the emergence of new parties This edited collection aims to make an analytical contribution to what party democracy means how to study it and add to our knowledge of who the party members are what they do and how influential they are in policy making processes Clearly elections provide linkage at regular intervals Does party membership even after membership decline provide a supplementary representative linkage that supports democracy and stability in post cleavage societies Nordic party systems have kept central elements of their old five party systems with mostly large social democratic parties and a variable geometry of the conservative liberal agrarian and left socialist forces They have experienced the electoral rise of new parties and in particular the increasing strength of vote catching anti establishment parties in most countries nurtured by anti immigration sentiments In contrast to much recent scholarship this book investigates the stable element in Nordic mass politics namely the parties as membership organisations How many members Why do they join parties How much do they participate Do they experience political influence The overall question is to what extent the party organizations which have been heavily subsidised by public subsidies keep up linkage to civil society through their membership

What a Party! Terry McAuliffe, Steve Kettmann, 2007-01-23 I thought I knew Terry McAuliffe as well as anyone but this time he surprised even me Who knew Terry could sit still long enough to give us a book this good What a Party is a must read for all of us who love politics believe in public service and know that laughter is often the best survival strategy President Bill Clinton No one knows more about American politics than Terry McAuliffe He gives us some remarkable insights and knows how to make his accounts both humorous and informative President Jimmy Carter I've often said Terry's energy could light up a city and readers of this book will know why Terry's excitement for politics and life is evident on every page Senator Hillary Clinton For more than twenty five years Terry McAuliffe has been at the epicenter of American politics Just out of Catholic University in Washington Terry took a position with the Carter Mondale campaign and quickly became one of the campaign's chief fund raisers and hasn't looked back since The list of Terry's former mentors friends and close associates in the nation's capital reads like a who's who of legendary Democrats Tip O'Neill Jimmy Carter Dick Gephardt Bill Clinton Hillary Clinton Al Gore The list goes on and on Terry has fought hard for the Democratic Party his entire life and as Bill Clinton reveals here for the first time he was the first one in the party to see opportunity in the Republican gains in the 1994 Congressional elections Without question the most successful fund raiser in political history Terry established himself as a heavyweight Democratic strategist and leader who was George W Bush's most vocal and

persistent critic during the first four years of the Bush 43 presidency He earned rave reviews even from former critics for his groundbreaking work as chairman of the Democratic National Committee from 2001 to 2005 pulling the DNC out of debt for the first time in its history Terry has served as a confidant and adviser to President Clinton and countless presidential candidates a mediator among party leaders the chairman of a national convention and presidential inaugural and a forceful spokesman for the party all without losing his reputation as a colorful fun loving character liked and respected even by his Republican adversaries What a Party is a fascinating hilarious and provocative look at the life of one of Washington s legendary figures From wrestling an alligator to running the Democratic National Committee to his friendship with President Clinton Terry McAuliffe s wonderful memoir covers it all and is without doubt the political book of the year Billboard ,1999-07-17 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Democracy under Construction* Ursula J. van Beek,2005-09-12 The book compares five newly emerged democracies in Europe South East Asia Latin America and Africa Cutting across vastly dif fer ent historical and cultural backgrounds it tells the story of how societies come to terms with a painful past and how politics culture and the economy intertwine in the process of creating new democratic nations **Schwann Spectrum** ,1999 *Los Angeles Magazine* ,1997-01 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian *Text Book of the Republican Party* Republican Party (U.S. : 1854- ). National Committee,1882 **A History of the People's Action Party, 1985-2021** Shashi Jayakumar,2022 The People s Action Party or PAP of Singapore is among the longest ruling democratically elected political parties in the world in power continuously since Singapore gained self rule in 1959 Such longevity is the hallmark of an institution that is itself dynamic and responsive But remarkably the story of the party as an institution has not received the sustained study it deserves from historians or political scientists This narrative history of the PAP follows the decisions made by party leaders as they have sought to respond to the changing demands and expectations of the Singapore electorate over a 36 year period that saw Singapore enter the ranks of developed nations It is fully up to date with the Party s response to their loss of seats in the 2020 General Elections and changes in party leadership succession announced in April 2021 Leadership renewal is one of four dimensions of change in the party that are the book s focus the others being the party s communications methods and styles the mechanisms developed for managing institutional change and the evolution of economic and social policy Drawing

on internal party documents and multiple interviews with key leaders over a 10 year period this work provides a detailed portrait of a robust political institution and establishes a distinctive new narrative of Singapore politics publisher s website

**Encyclopedia of New Year's Holidays Worldwide** William D. Crump,2016-03-30 Among the world s myriad cultures and their associated calendars the idea of a New Year is relative and hardly specifies a universal celebration or even a universal point in time Ways of celebrating the New Year range from the observances of religious rituals and superstitions to social gatherings featuring particular foods music dancing noisemaking fireworks and drinking This first encyclopedia devoted exclusively to the New Year includes 320 entries that give a global perspective on the New Year beyond its traditional Western associations with Christmas National or regional entries detail the principal traditions and customs of 130 countries while 27 entries discuss major calendar systems in current use or of significant historical interest The remaining entries cover a wide variety of subjects including literary works movies and television specials the customs of specific ethnic groups universal customs such as toasting and drinking football bowl games and parades and the New Year celebrations at the White House and the Vatican

**Democracy under Pressure** Ursula van Beek,2022-10-31 This book identifies the main factors shaping the fortunes of democracy globally Why do some democracies in the same region and presumably subject to similar global influences remain stable while others regress This is the question guiding all the authors of this edited book In the search for answers they examine 16 democracies in paired and tripled comparisons in sub Saharan Africa North and Latin America East Asia Western and Central Europe along with two polar cases Insights from the perspectives of history political science economics and international relations are offered along with a sketch of possible future scenarios Combining approaches anchored in the analytical tradition with empirical case studies and given the broad range of topics this book is bound to be of interest not only to students and practitioners of democracy but also to the broader academic and general readership
