Florida Standards for Mathematics

# Mathematics

**Mathematics**  
The Florida Standards for Mathematics are designed to ensure that all students are prepared for the challenges of the 21st century. The standards are organized into four domains: Number and Operations, Algebra, Geometry, and Statistics and Probability. Each domain is further divided into specific standards that describe the skills and concepts that students should master. The standards are designed to be rigorous and challenging, but also accessible to all students. The standards are intended to provide a clear and consistent framework for mathematics instruction in Florida schools.
