Dunlop,2013-12-19 This detailed account of the Kapella Russian Court Chapel Choir examines the influence it exerted on the development of Russian sacred music The educational importance of the institution has always been overshadowed by the achievements of the St Petersburg Conservatoire Dr Dunlop investigates the consequences of the Kapella s monopoly on music publications The wonderfully rich choral repertoire of the Russian Orthodox Church has until now been unavailable to most English speaking choirs due to the problems of language and accessibility Two volumes of Russian Court Chapel Choir music Galuppi to Vorotnikov and Bakhmetev to Lyapunov are available separately in performing editions They are easily accessible sources of nineteenth century Russian choral pieces by a range of composers in a variety of styles Carolyn Dunlop received a postgraduate degree in Russian language from the University of Strathclyde She was awarded her doctorate in Russian Orthodox Church mu      *Scriabin, a Biography* Faubion Bowers,1996-01-01 Definitive biography newly revised and updated chronicles Russian composer s life and career astounding musical innovation concert tours abandonment of his wife brushes with homosexuality madness more 49 rare photographs      Class List of the Books in the Reference Library Nottingham (England). on and defended against both from within and from without. The author's goal is to explore this assumption of otherness in an all-encompassing work that re-creates the cultural contexts of the folksong anthologies of the 1700s, the operas, symphonies, and ballets of the 1800s, the modernist masterpieces of the 1900s, and the hugely fraught but ambiguous products of the Soviet period. Taruskin begins by showing how enlightened aristocrats, reactionary romantics, and the theorists and victims of totalitarianism have variously fashioned their vision of Russian society in musical terms. He then examines how Russia, as a whole, shaped its identity in contrast to an East during the age of its imperialist expansion and in contrast to two different musical Wests: Germany and Italy during the formative years of its national consciousness. The final section focuses on four individual composers, each characterized both as a self-consciously Russian creator and as a European, and each placed in perspective within a revealing hermeneutic scheme. In the culminating chapters, Chaikovsky and the Human, Scriabin and the Superhuman, Stravinsky and the Subhuman, and Shostakovich and the Inhuman, Taruskin offers especially thought-provoking insights, for example, on Chaikovsky's status as the last great eighteenth-century composer and on Stravinsky's espousal of formalism as a reactionary, literally counterrevolutionary move.
