Macro Quantitative Analysis Conflict Development And Democratization:

Macro-quantitative Analysis John V. Gillespie, Betty A. Nesvold, 1971 Compilation of social sciences papers using the macro quantitative cross cultural analysis or cross national level research approach to the dimensions of political behaviour within and between nations political development and democracy analyses the social indicators and economic indicators of conflict incl Social conflict and political instability the nature of political systems political power etc and covers research methodology used References and statistical tables **Learning Democracy** Leslie E. Anderson, Lawrence C. Dodd, 2009-11-15 Historically Nicaragua has been mired in poverty and political conflict yet the country has become a model for the successful emergence of democracy in a developing nation Learning Democracy tells the story of how Nicaragua overcame an authoritarian government and American interventionism by engaging in an electoral revolution that solidified its democratic self governance By analyzing nationwide surveys conducted during the 1990 1996 and 2001 Nicaraguan presidential elections Leslie E Anderson and Lawrence C Dodd provide insight into one of the most unexpected and intriguing recent advancements in third world politics They offer a balanced account of the voting patterns and forward thinking decisions that led Nicaraguans to first support the reformist Sandinista revolutionaries only to replace them with a conservative democratic regime a few years later Addressing issues largely unexamined in Latin American studies Learning Democracy is a unique and probing look at how the country's mass electorate moved beyond revolutionary struggle to establish a more stable democratic government by realizing the vital role of citizens in democratization processes

Democratization Tatu Vanhanen, 2004-02-24 This book examines the relationship between indicators of resource distribution and democratization in the group of 170 countries with data ranging from the 1850s to the present day Vanhanen constructs a compelling argument concluding that the emergence of democracy is closely linked to resource distribution **Powers of Theory** Robert R. Alford, Roger Friedland, 1985-10-31 An evaluation of different theories of the nature of the state in capitalist democracies **Prospects of Democracy** Tatu Vanhanen, 2002-11 Vanhanen provides the most extensive comparative survey of the state and conditions of democracy ever made with historical data and explanatory variables extending back to the 1850s and with forecasts covering seven regions of the world **International Human Rights** Michael Haas, 2012-08-06 This book provides a comprehensive introduction to international human rights international human rights law why international human rights have increasingly risen to world prominence what is being done about violations of human rights and what might be done to further promote the cause of international human rights so that everyone may one day have their rights respected regardless of who they are or where they live It explains how the concept of international human rights has developed over time the variety of types of human rights empirical findings from statistical research on human rights a listing of all international human rights agreements the newest dimensions in the field of human rights gay rights animal rights environmental rights Richly illustrated throughout with case studies controversies

court cases think points historical examples biographical statements and suggestions for further reading International Human Rights is the ideal introduction for all students of human rights Structure and Agency in Explaining Democratization John Dugas,1994 Social Mobilization and Liberal Democracy Philip B.
