

# MEDIUM

A second season of dark dreams for Allison Dubois to unravel as she takes on new cases

**J**UST HOW MUCH mileage is there in a show about a medium who helps the police crack cases usually involving murder and abduction? Surely there are only so many times Allison Dubois can wake up with a start pronouncing she knows exactly where the body is? Well, if that was ever a conundrum, the writers and producers certainly aren't showing that it's something they struggled with as **Medium** slips into its second season and, for the most part, maintains its originality and watchability.

**BEGINNING WITH THE** conclusion of last season's cliffhanger — in which Allison and old friend Captain Push attempt to track down a serial killer in the most unconventional sense — the show immediately resumes what will most likely continue to be the core of the series — Allison's relationship with her husband and children. It's a smart move given that the only way the show will otherwise develop is to push the "spooky" plot device further and further into the world of weird. Yet, while this is happening, the grounding afforded by Joe and the girls allows the viewer to conveniently forget that, for the most part, some of the goings-on are complete bobbins.

Take *Time Out of Mind*, for example. It's a story that insinuates that Allison's dreams have somehow mixed with another similarly psychic girl... some 45 years ago. It's a nice piece of escapism, but it's in stark contrast to other more grounded stories such as *The Song Remains the Same*, in which Allison's dreams are cleverly misconstrued to leave the finale cleverly disguised.

This episode also presents another layer that **Medium** is wrapping around itself this year, as a particularly stylish and quirky opening (which looks for all the world like an iPod commercial) segues into an incredibly clever use of Gloria Gaynor's downtrodden female anthem *I Will Survive* as a means to solve a mystery (Allison literally can't get it out of her head).

**QUIRKS, BIZARRE MYSTERIES** and misdirection aside, it really is the Human drama which is making the show so watchable this year. The writers are treading where so many genre shows fail to look as they address the affects of Allison's "gift" on her family. It's all very well being able to help people by seeing things in your dreams, but what about the husband who is left on the sidelines time after time, often having to drop work or look after the kids

because his wife has to run off at a moment's notice? All of this is presented from a very unbiased and real perspective usually associated with a straight drama, making this both a compelling viewing experience and all the more accessible to viewers who simply 'wouldn't normally watch this kind of thing'.

**IT'S NOT ALL** good though. Let's face it, very few shows are infallible, and while **Medium** has a lot going for it, there are a few aspects which are in dire need of ironing out. The worst offender is that the audience is often three or four scenes ahead of Allison. *Too Close to Call* is a classic case which leaves

you banging your head against the TV screen as Allison ambles around with her nose scrunched up as the mystery unravels itself, making it abundantly obvious what's going on to everyone but her. It's a failing that is often masked by the other goings-on at home (and is almost forgivable then), but when it's a mystery-centric show such as this, it really drags things down.

**ULTIMATELY, MEDIUM** IS showing great strength of character and an ability to adapt and embrace new ideas. If it could just concentrate on some smarter writing where the mysteries are concerned, it would be a real winner.

Grant Kempster

Top Allison lives another life in *Time Out of Mind*

Bottom The bedrock of Allison's life: her family
