Motor Racing In Color:

American Auto Racing J.A. Martin, Thomas F. Saal, 2014-07-15 As soon as there were automobiles there was racing The first recorded race an over road event from Paris to Rouen France was organized by the French newspaper Le Petit Journal in 1894 Seeing an opportunity for a similar event Hermann H Kohlsaas publisher of the Chicago Times Herald sponsored what was hailed as the Race of the Century a 54 mile race from Chicago s Jackson Park to Evanston Illinois and back Frank Duryea won in a time of 10 hours and 23 minutes of which 7 hours and 53 minutes were actually spent on the road Race cars and competition have progressed continuously since that time and today s 200 mph races bear little resemblance to the event Duryea won This work traces American auto racing through the 20th century covering its significant milestones developments and personalities Subjects included are Bill Elliott dirt track racing board track racing Henry Ford Grand Prix races Dale Earnhardt the Vanderbilt Cup Bill France Gordon Bennett the Indianapolis Motor Speedway the Mercer the Stutz Duesenberg Frank Lockhart drag racing the Trans Am Paul Newman vintage racing land speed records Al Unser Wilbur Shaw the Corvette the Cobra Richard Petty NASCAR Can Am Mickey Thompson Roger Penske Mario Andretti Jeff Gordon and Formula One Through interviews with participants and track records this text shows where when and how racing changed It describes the growth of each different form of auto racing as well as the people and technologies that made it ever faster

Formula One Brian Harvey, 2020-02-12 Filling the many gaps in Formula 1 records this book re writes the racing history books The history of F1 can be neatly divided into two eras the first formally ending January 1980 when the terms Grand Prix and World Championship became synonymous although there would be three more non championship races after that date However up to January 1973 OVER HALF of F1 races were NOT included in the Championship results for the spurious reason that each country should have just a single F1 race The classification of many F1 races as non Championship did a disservice to the achievements of drivers of the Fangio Moss Clark and Stewart era and even more so to the four pre Championship years which began in 1946 When today a commentator says Rosberg s 16th win equals the F1 wins of Stirling Moss this is manifestly untrue If the same drivers in the same F1 cars compete at the same tracks and over a similar distance then each race deserves to have its place in the records as a Championship quality event This book includes such races alongside contemporary Championship races and combined with known figures since 1980 produces what can surely be accepted as The Real Score of Formula 1

AMC Muscle Cars : Muscle Car Color History Larry G. Mitchell, Anybody who wanted to go toe to toe with the Big Three in the 1960s had to produce credible muscle cars American Motors Corporation did exactly that with the SC Rambler and the incredibly fast AMX Some argue however that AMC s insistence on pouring its relatively limited resources into the muscle wars ultimately led to its demise Illustrated throughout with modern photography of restored and factory original cars archival images AMC concept drawings period advertisements and cutaway illustrations this color history primarily focuses on the conception development production and performance of the AMX as
