**Managing Intensity and Play at Work** Niels Åkerstrøm Andersen,2013-01-01 This book treats seriously one of the fundamental trends characterizing contemporary institutions namely the inability to establish a ground

from which purpose and direction can be defined. It questions the core trope of permanent change and exposes its emptiness in a thorough and considered manner which enriches the way we question organizational orders. Bogdan Costea, Lancaster University, UK. What does it mean to organize when the only established premise is that everything is transient? How is it possible for an organization to manage expectations based on the expectation of the unexpected? In this thought-provoking book, Niels Ukerstrøm Andersen uses a unique combination of deconstruction systems theory and discourse theory to critically discuss topics such as the management of feelings, partnerships as second-order promises, and work-life balance as an immune defense against over-socialized employees. He assesses the parallels between layoffs in intimate organizations and modern professional divorce discourses and explores the dichotomy of double-bounded management, commanding both to do as I say and be autonomous. In so doing, Professor Andersen encourages the reader to look at relationships in the workplace in new ways. This unique book will prove invaluable for academics and students of human resource management, organizational behavior, and critical management studies.

**A Perfect Mistake** Laura Brown, 2021-03-04. One night changed everything. I'm not one for one-night stands, but from the moment I met Cam and those caramel eyes filled with such sadness, I can't resist. How was I supposed to know he's the one man I shouldn't have had the hottest night of my life with? As a social worker, I know better than to bring home my client's grandson, but that tiny fact doesn't help me now. I need to stay away, but he's Deaf as is his dying grandmother, and I'm the only one at my agency who knows ASL. I'll keep this a secret until his grandmother's out of my care. My plans to keep Cam out of my bed crumble when his grandmother dies. His grief is my kryptonite, my body his salve. Her dying wish was for us to be together, but not everyone in his family agrees. Someone makes a formal complaint to my boss, putting my job at risk. It's my heart or my career, and I'm afraid I'm going to lose both.
