Master Juggling:

Masters of the Games Joseph Epstein, 2015-01-09 In this collection his twenty fifth book Joseph Epstein departs from writing about literature and culture to indulge his fondness for the world of sport in all its forms In these essays and stories on such subjects as saving Joe DiMaggio's reputation from the clutches of an iconoclastic biographer marveling at the skills of Michael Jordan shaking free of an addiction to radio sports talk shows or contemplating the changing nature of the games he grew up with and played as a boy Epstein turns writing about sports into an art at once penetrating and highly amusing

The BrainSmart Leader Tony Buzan, Richard Israel, Tony Dottino, 1999 This book opens with a quiz designed to identify your existing strengths and weaknesses and direct you to the corresponding chapters It goes on to explore in turn the key elements of effective leadership with the aid of studies of successful BrainSmart Leaders exercises quizzes Mind Maps and practical guidance for applying the ideas described Working through the text and the related material will equip you with the mental technology to apply your creativity to maximum effect The result should be a dramatic improvement in your own performance and that of your organization

Grass Roots Leaders Tony Buzan, Tony Dottino, 2016-04-22 Grass Roots Leaders galvanizes the emotional enthusiasm of the workforce and taps the wealth of their brain power to create an engine of innovation that ripples through the organization from the bottom up and powers it forward Tony Buzan Tony Dottino and Richard Israel pick up a theme they first introduced nearly a decade ago in *The Brain Smart Leader* and document a way of fundamentally changing the perspective and behaviour of leaders and employees in your organization Their approach shows how to use the brain's capacity for solving problems and implementing innovative plans to make the organization's vision a reality adopt a three speed technique first gear to slow down and allow new learning or support for difficult transition periods Second gear shifts up to a productive work outcome and then third gear revs up to champion innovation and change apply a series of proven models for dealing with information overload making the best use of scarce resources such as time and keeping sight of successful outcomes as they are developed The book accurately captures the current state of thinking in organizations as well as the latest research on how our brains work to deliver a radical blueprint for how organizations need to change to survive and what this means to their managers and to their employees If you are a leader who longs to use the grass roots intellectual capital in your organization but given the quantity of meetings e mail crises and reorganizations you simply haven't had the time this book is for you And if you are an employee who is sick and tired of daily stress bad planning and poorly thought through changes and implementations customer complaints but no improvements this book is for you too A Brain Smart Revolution in Business starts with one person You
