world the great poetry of ancient China The 305 odes of the Classic Anthology are the living tradition of Chinese poetry Since  
the fifth century before Christ they have been as familiar to literate Chinese as the Homeric poems were to the ancient  
Greeks Indeed Confucius held that no man was truly educated until he had studied the odes      **The Classics of Confucius**

Excerpt from *Wisdom of the East* The Odes of Confucius While reading the works of Confucius I have always fancied I could  
see the man as he was in life and when I went to Shantung I actually beheld his carriage his robes and the material parts of  
his ceremonial usages There were his descendants practising the old rites in their ancestral home and I lingered on unable to  
tear myself away Many are the princes and prophets that the world has seen in its time glorious in life forgotten in death But  
Confucius though only a humble member of the cotton clothed masses remains among us after many generations He is the  
model for such as would be wise By all from the Son of Heaven down to the meanest student the supremacy of his principles  
is fully and freely admitted He may indeed be pronounced the divinest of men This is the tribute of Ssu Ma Ch ien the author  
of the first great History of China who lived in the first century before Christ Many centuries have gone since the old  
historian out of the fulness of his heart sang the praises of the Master and the supremacy of his principles About the
