My Idulfitr:

How Muslims Shaped the Americas Omar Mouallem, 2021-09-21 Winner of the Wilfrid Eggleston Award for Nonfiction Selected as a Most Anticipated Book of Fall by The Globe and Mail and The Toronto Star An insightful and perspective shifting new book from a celebrated journalist about reclaiming identity and revealing the surprising history of the Muslim diaspora in the west from the establishment of Canada's first mosque through to the long lasting effects of 9/11 and the devastating Quebec City mosque shooting Until recently Muslim identity was imposed on me But I feel different about my religious heritage in the era of ISIS and Trumpism Rohingya and Uyghur genocides ethnonationalism and misinformation I'm compelled to reclaim the thing that makes me a target I've begun to examine Islam closely with an eye for how it has shaped my values politics and connection to my roots No doubt Islam has a place within me But do I have a place within it Omar Mouallem grew up in a Muslim household but always questioned the role of Islam in his life As an adult he used his voice to criticize what he saw as the harms of organized religion But none of that changed the way others saw him Now as a father he fears the challenges his children will no doubt face as Western nations become increasingly nativist and hostile toward their heritage In *Praying to the West* Mouallem explores the unknown history of Islam across the Americas traveling to thirteen unique mosques in search of an answer to how this religion has survived and thrived so far from the place of its origin From California to Quebec and from Brazil to Canada's icy north he meets the members of fascinating communities all of whom provide different perspectives on what it means to be Muslim Along this journey he comes to understand that Islam has played a fascinating role in how the Americas were shaped from industrialization to the changing winds of politics And he also discovers that there may be a place for Islam in his own life particularly as a father even if he will never be a true believer Original insightful and beautifully told *Praying to the West* reveals a secret history of home and the struggle for belonging taking place in towns and cities across the Americas and points to a better more inclusive future for everyone

Broken Lives Mina Leyla, *Advocates of Silenced Turkey*, 2022-03-16 *Broken Lives* Stories From New Turkey When they couldn't find the old man at his home they did something which was probably not seen in the history of law before they arrested his wife A few days later they released the old woman only when they found her husband in a hospital where he was getting ready for a surgery Using fabricated statements and evidence they still keep the old man in a prison in Turkey where it is not the rule of law which is in effect since a long time ago but the law of the rulers I've had enough of someone else's propaganda I'm for truth no matter who tells it I'm for justice no matter who it is for or against I'm a human being first and foremost and as such I'm for whoever and whatever benefits humanity as a whole Malcolm X [Muntakhab Angrezi](#) Tagreeren ([Selected English Speeches](#)) Khurshid Anwar Qasmi , 2025-02-17 This book contains more than 30 English speeches on different Islamic topics If you want to become a great English public speaker this book is your perfect choice Buy this book and enjoy learning **Banker To The Poor** Muhammad Yunus, 2007-03-31 The inspirational story of how

Nobel Prize winner Muhammad Yunus invented microcredit founded the Grameen Bank and transformed the fortunes of millions of poor people around the world Muhammad Yunus was a professor of economics in Bangladesh who realized that the most impoverished members of his community were systematically neglected by the banking system no one would loan them any money Yunus conceived of a new form of banking microcredit that would offer very small loans to the poorest people without collateral and teach them how to manage and use their loans to create successful small businesses He founded Grameen Bank based on the belief that credit is a basic human right not the privilege of a fortunate few and it now provides 24 billion of micro loans to more than nine million families Ninety seven percent of its clients are women and repayment rates are over 90 percent Outside of Bangladesh micro lending programs inspired by Grameen have blossomed and serve hundreds of millions of people around the world The definitive history of micro credit direct from the man that conceived of it Banker to the Poor is the moving story of someone who dreamed of changing the world and did *The God Sonnets* Abhijit Naskar,2025-06-16 The 100 God Sonnets are peak Naskar a gentle yet radical dogma defying invitation to the valley of tolerance where science meets the soul but without all the superstition fanaticism and prejudice **The Islamic Review** ,1930 *The Invisible Debt Trap - Volume 02: Is Your Wealth Really Yours — Are You Financing Your Own Destruction?* Zayd Haji,2025-07-03 The Modern Economy it holds entire institutions and nations accountable From fractional reserve banking to inflation as engineered theft from central banks monopoly on currency creation to the psychological manipulation of consumers Zayd connects the dots between everyday transactions and the unseen spiritual consequences they carry Through detailed research and grounded Islamic economics he explains how modern economic tools are designed to transfer wealth from the many to the few while the few build empires on your obedience The idea that your wealth is real because it appears as numbers in a digital wallet or a savings account is ruthlessly dismantled here Those numbers are smoke What s real is what survives divine accountability What s terrifying is how little that may be But Volume 02 goes even deeper In a searing chapter titled Waqf A Trust Lost Antilia Was Never Yours Zayd explores how the Islamic institution of Waqf once a powerful engine of socio economic justice has been reduced to irrelevance He contrasts this forgotten pillar of Islamic finance with Antilia a grotesque billion dollar skyscraper in Mumbai named after a mythical paradise While millions suffer in debt one man built a monument to ego atop land that should have served the public Zayd doesn t hold back He declares that Waqf was never meant to be privatized wealth It was a trust A divine contract A symbol of Amanah And when we trade that legacy for luxury apartments and corporate endowments we re not just failing the poor we are committing treason against the Qur an itself This chapter alone is worth the entire book The narrative then shifts to what may be the most controversial revelation yet Every Prophet Was an Economist Too Zayd flips the entire historical narrative on its head He shows how the prophets of Allah from Yusuf as to Shu ayb as from Musa as to Muhammad were sent to dismantle unjust financial systems They didn t just speak about morality in a vacuum they confronted corrupt merchants fraudulent trade

unethical pricing and exploitative debt systems They were divine economists before they were preachers If you think Islamic finance is a modern reinterpretation of Islamic law this chapter will shake you What you ll discover is that Islamic finance is not just part of Islam it is Islam in action applied to the marketplace Modern Muslims often assume that their biggest spiritual risk is missing salah or eating haram food But the financial system we obey daily is far more dangerous Zayd makes the uncomfortable point that most Muslims are more afraid of bad credit scores than bad akhira records We ve normalized sin under the guise of financial success Riba is in our investments zakat is an afterthought and interest is brushed aside as a necessary evil But necessary for whom Zayd explores this spiritual rot in his chapter No More Excuses You ve Been Shown the System where he outlines how excuses like I didn t know or Everyone does it are nullified once knowledge is presented After this book no reader can claim ignorance again The book also dives into the explosion of cryptocurrency questioning whether Bitcoin is truly the liberator it claims to be While crypto may have been Satoshi Nakamoto s middle finger to the banking elite Zayd argues that Islam delivered a more complete system 1 400 years ago Islamic finance when practiced authentically not just branded already prohibits inflation bans interest promotes risk sharing demands transparency and ties money to real assets Bitcoin may challenge central banks but only Islam challenges greed itself It s not about replacing paper with digital it s about replacing corruption with divine justice Perhaps the most chilling part of Volume 02 is its final third where Zayd peels back the occult symbolism of the global financial order Freemasonry Economic Dajjal Secret societies Jinn These are not speculative digressions they are integrated into the economic architecture of modernity Zayd backs these claims with disturbing clarity connecting them to the prophetic warnings about Dajjal deception and the end times The book argues that today s financial system is not just broken it is satanic by design The cure Not activism Not crypto Not economic nationalism The cure is Islamic revival Islamic finance as presented here is not a niche alternative for religious people It is the only system that aligns morality with money trade with truth and profit with piety It is asset backed Interest free Community centered Contractually transparent And unlike capitalism or socialism it is not based on human experimentation It is based on divine revelation Zayd insists that The Halal Economy is not a dream it is the original model from which we ve drifted And it is the only model with the moral infrastructure to rescue the world from spiritual and financial collapse This book is not for those seeking comfort It is for those seeking truth And that truth will burn before it builds It will confront before it converts It will pierce before it purifies But for those willing to face it truly face it Volume 02 of The Invisible Debt Trap is not just a book It is a weapon A warning A way out
