Postcolonial Theory and the United States Amritjit Singh, Peter Schmidt, 2009-11-12 At the beginning of the twenty first century we may be in a transnational moment increasingly aware of the ways in which local and national narratives in literature and elsewhere cannot be conceived apart from a radically new sense of shared human histories and global interdependence To think transnationally about literature history and culture requires a study of the evolution of hybrid identities within nation states and diasporic identities across national boundaries Studies addressing issues of race ethnicity and empire in US culture have provided some of the most innovative and controversial contributions to recent scholarship Postcolonial Theory and the United States Race Ethnicity and Literature represents a new chapter in the emerging dialogues about the importance of borders on a global scale This book collects nineteen essays written in the 1990s in this emergent field by both well
