Algebra of Hope Ranjit Divakaran,2013-02-12 This is a tale which has been waiting to be told The story of the Indian expat community in the Arab world It is not always about wealth and happiness as is often dreamt at the beginning of the journey It is not always about prosperity and comfort as is believed by the society back home It s also about sacrifice and pain of frustrations and confusions Algebra of Hope tells the story of Indian expats through the eyes of Rakesh a doctor who takes a job in Riyadh In the social and family fabric that we live in the obligatory fibers are plentiful However for ill defined reasons an Indian expat has been told that he should strip the obligation to himself He does this proudly in the giving years and gets intoxicated by the tag of a giver Grey hair and wrinkled face later on tells him Why did you not look after yourself Regret takes over hope as his best years have already been surrendered Why should his sweat always be some ones balm But

for some that tangle had to be ripped off at the right time Amidst the frustration and despair that so often characterize the expatriate s existence there is also the uplifting story of determination of fighting for what you believe is right and of self belief And that is what this story too is all about The Author Dr Ranjit Divakaran a maxillofacial surgeon is a native of Indian state of Kerala and has served in many gulf countries for almost fifteen years Private Eyes Robert Allen Baker,Michael T.
