## Purity Maturity:

*Schizoanalysis and Asia* Joff P. N. Bradley, 2022-11-08 This book is an update extension and radicalization of Guattari's philosophy of the postmedia. It is the first of its kind to comprehensively apply Guattari's thought on postmedia to post-millennium technological developments. Given the considerable interest in Félix Guattari and Gilles Deleuze's work and its influence in Asia and South East Asia and beyond, the book is a timely contribution and update of Guattari's essential concepts. It offers a fresh approach to applying Guattari and Deleuze to local contexts. Both Félix Guattari's schizoanalysis and Gilles Deleuze's philosophy remain excellent tools to decode the politics of postmedia. The book centres around the influence of Guattari's work on the Japanese archipelago and how Japan itself impacted on the work of Guattari in the 1980s. The book updates Guattari's work and applies it to the problems which are affecting societies in Asia and beyond. It highlights current research on postmedia by scholars who are working to understand how Japanese society is functioning post-Fukushima and how the country continues to toil from the geo-trauma of the real.

Inputs to the LISSA model include metabolic balance load data, hygiene load data, technology selection process, operational assumptions, and mission parameter assumptions. A baseline set of technologies has been used against which comparisons have been made by running twenty-two cases with technology substitutions.

[Edited by the Editors of the "King's Highway," J. During this process, we'll shed light on the cultural, psychological, and anthropological nature of our signs and symbols. We'll also be surprised to discover that many of the everyday things we take for granted can hold hidden secrets, and by having the key to this knowledge, we'll gain an insight into the minds and concerns of our forbears who constructed these symbols.
