British Airship Bases of the Twentieth Century Malcolm Fife, 2017-05-17 Numerous books have been written on airships but few concentrate on their bases and infrastructure to support their operations British Airship Bases of the Twentieth Century starts with documenting the primitive facilities from which the early machines flew in the years prior to the First World War The outbreak of the First World War resulted in airships being adopted for military purposes and bases were established across Britain Most of these were operated by the Royal Naval Air Service for the protection of shipping against U boats In the 1920s an attempt was made by the British Government to build airships for commercial transport The locations where these giants of the sky were constructed are described as well as the proposed overseas passenger terminals The latter part of this enthralling and detailed book chronicles the attempt to establish the airship as a means of transport to link together the far flung lands of the British Empire Reference is also made at attempts to revive the airship in the closing decade of the 20th century and the locations associated with them Illustrations 170 black and white photographs

**Aviation Landmarks - Norfolk and Suffolk** Peter B. Gunn, 2017-11-24 Norfolk and Suffolk are bursting with aviation heritage having played key roles in military aviation through the two world wars and beyond The obvious notable landmarks include airfields past and present traces of former radar stations decoy airfields and other sites that were once highly secretive However there are less conspicuous ones too from churches memorials and museums to local pubs streets and even village signs This new edition of Aviation Landmarks Norfolk and Suffolk offers a fully updated account of aviation heritage and history right up to the present day With over 500 entries it covers nearly seventy airfields as well as many lesser known landmarks such as former radar stations country houses local heritage collections street signs and more Complete with illustrations OS grid references and an index of places this reference guide to the two counties both in the air and on the ground will captivate both interested locals and aviation enthusiasts alike Murder in the Air Emily Organ, 2022-02-25 Is airship travel safe Not if there s a killer on board Retired spy Augusta Peel would rather be repairing old books but Scotland Yard persuades her to help with a surveillance operation Despite a hatred of heights she must work undercover on an airship The trip takes a turn when a corpse is found in a cabin Augusta now has a new challenge on her hands Can she identify the murderer It s tricky finding a motive among the sophisticated passengers many are sophisticated liars too Events escalate when the killer strikes again The airship murderer is covering their tracks Augusta faces a race against time before the culprit tracks her down and silences her too A stylish atmospheric tale of secrets and murder in 1920s London Perfect for fans of Jacqueline Winspear Rhys Bowen and Agatha Christie Pulham Pigs Gordon Kinsey, 1988 Herd Book of Large Black Pigs Large Black Pig Society, 1920 Norfolk's Military Heritage Neil R.
