paradox stems from a policy and regulatory environment that should help the development of MSEs and improve the quality of jobs provided by them but in practice often establishes biases and stifles growth Based on studies carried out in Chile Guinea Pakistan Peru South Africa Tanzania and Vietnam this book looks beyond MSE promotion initiatives to analyse the overall policy and regulatory environment It examines the impact of national business laws and taxation labour regulations trade and finance policies identifies common problems and presents major principles for reform More than simply helping to create more jobs this approach aims to help to create more jobs of better quality
