Setting National Priorities Henry J. Aaron, Robert Danton Reischauer, 1999 This highly readable volume centers around three themes providing opportunity in the domestic arena restoring confidence in government and adapting to the post Cold War international environment

Department of State Publication, 1997 Each issue covers separate country

The Palgrave International Handbook of Football and Politics Jean-Michel De Waele, Suzan Gibril, Ekaterina Glorizova, Ramón Spaaij, 2018-05-21 This Handbook offers an analysis of the relation between football and politics based on over 30 case studies covering five continents It provides a detailed picture of this relation in a wide number of European American African and Asian states as well as a comparative assessment of football in a global perspective thus combining the general and the local It examines themes such as the political origins of football in the studied country the historical club rivalries the political aspects of football as a sports spectacle and the contemporary issues linked to the political use of football By following the same structure with each study the volume allows for the comparison between largely investigated cases and cases that have seldom been addressed The Handbook will be of use particularly to students and scholars in the fields of sport studies political science and sociology as well as cultural studies anthropology and leisure studies

Cities in a Time of Terror: Space, Territory, and Local Resilience H.V. Savitch, 2014-12-18 This book is about urban terror its meaning its ramifications and its impact on city life Written by a well known expert in the field Cities in a Time of Terror draws on data from more than a thousand cities across the globe and traces the evolution of urban terrorism between 1968 and 2006 It explains what kinds of cities have become prime targets why terrorism has become increasingly lethal and how its inspiration has changed from secular to religious The author describes urban terrorism as an attempt to use the city's own strength against itself forcing it to implode and delineates three basic logics of terrorist choices for targeting cities The book also includes a discussion of local resilience the city's capacity to bounce back from attack and suggests how that can be sustained Examples from New York London Jerusalem Istanbul Moscow Paris and Madrid illustrate the book's central themes
