## **Making A:**

**Making a Living** Elizabeth Francis, 2019-05-20 Livelihoods in rural Africa are changing in response to disappearing job prospects falling agricultural output and collapsing infrastructure This book explains why the responses to these challenges are so different in different parts of Africa Making a Living uses case studies from commercial farming regions in Kenya Tanzania and Zimbabwe and from much poorer areas within eastern and southern Africa to give a broad comparative study of rural livelihoods These case studies reveal how household relations poverty and gender all play a part in the changing political economy of rural Africa *Making a Living, Making a Difference* Maria Ågren, 2016-11-01 What do people do all day What did women and men do to make a living in early modern Europe and what did their work mean As this book shows the meanings depended both on the worker and on the context With an innovative analytic method that is yoked to a specially built database of source materials this book revises many received opinions about the history of gender and work in Europe The applied verb oriented method finds the work verbs that appear incidentally in a wide variety of early modern sources and then analyzes the context in which they appear By tying information technologies and computer assisted analysis to the analytic powers both quantitative and qualitative of professional historians the method gets much closer to a participatory observation of the micro patterns of early modern life than was once believed possible This book directly addresses a number of broad problems often debated by historians of gender and early modern Europe First it discusses the problem of assessing more accurately the incidence character and division of work Second it analyzes the configurations of work and human difference Third it deals with the extent to which work practices created notions of difference gender difference but also other forms of difference and conversely to what extent work practices contributed to notions of sameness and gender convergence Finally it studies the impact of processes of change Drawing on sources from Sweden the authors show the importance of multiple employment the openness of early modern households the significance of marriage and marital status the gendered nature of specific tasks and the ways in which state formation and commercialization were entangled in people s everyday lives Making a New Deal Lizabeth Cohen, 2008 This book examines how ordinary factory workers became unionists and national political participants by the mid 1930s Making a Real Killing Len Ackland, 1999 It is about the government and private corporations that produced the deadliest devices in history for thirty seven years concealed problems behind the wall of national security secrecy and came close to a Chernobyl scale disaster during a 1969 fire It is about plant managers who cut corners to maintain weapons production workers who saw themselves as loyal Cold War soldiers and citizen activists who challenged the plant s very existence *Making a Difference with Children and Families* Alison Prowle, Angela Hodgkins, 2020-06-02 This textbook explores the changing children young people and families CYPF landscape and the varied roles within that landscape It considers the question of what are the essential skills and qualities for working with children and families today It provides practitioners and students with opportunities to reflect upon what it

means to be an effective practitioner through the exploration of theoretical material and practice case studies from a range of professional disciplines

**Making A Comeback** Jeffrey A. Johnson, 2008-09 If we are not living abundant lives how do we reclaim our lives in Christ Jesus said in John 10 10 The thief comes only to steal kill and destroy I am come that they might have life and that they might have it more abundantly Yet so many Christians fail to live an abundant life in fact too often they are just getting by just struggling to survive But God has so much more for us Many of us have sat passively and watched as the enemy of our souls has come like a thief stealing away our joy killing our bodies and destroying our families We have lost the abundance in our lives that Christ died to give us We allowed it to be taken from us while we watched apathetically as though we were only spectators of our own lives not followers of a risen active triumphant Christ The time for sitting still and bemoaning our lot in life is over God has empowered us to reclaim what we ve lost We can get our lives back Get our health back Get our minds back Get our families back Get our joy back We do not have to wallow in defeat We can make a comeback
