Austin James,2024-11-08 This is the story of my life from childhood struggles with polio to leaving home at seventeen for an apprenticeship with British Aircraft Corporation working on the iconic Concorde My career path took me through Westland Helicopters and British Rail before a 22 year career at British Airways in London where I became a Senior Airline Engineer licensed to maintain a fleet of company aircraft After that I turned to flying for pleasure and eventually became a Chief Flying Instructor starting my own flying school Over 36 years of training pilots I experienced fourteen engine failures three near misses and two bird strikes the most dramatic being a fight with a buzzard that smashed through the windscreen hitting my student in the face leaving him with a black eye and a split lip and ending up draped around his neck like a scarf I also survived a cockpit fire shortly after takeoff that burned my left leg Then there s the story of a mild mannered religious pilot who became a good friend He once told me about the day his ejection seat failed during a jet spin out sending him plummeting toward the ground Resigned to death he was saved by a voice in his head that he believed was God offering the solution just in time **Majorca** Henry Charles Shelley,1926 The Story of Majorca and Minorca Sir Clements Robert Markham,1908 A Man Living Apart from His World Paul E.
