Making Collage:

Arts-Based Research Across Textual Media in Education Jason DeHart, Peaches Hash, 2023-11-06 In company with its sister volume *Arts Based Research Across Textual Media in Education* explores arts based approaches to research across media including film and comics related material from a variety of geographic locations and across a range of subdisciplines within the field of education This first volume takes a textual focus capturing process poetic and dramaturgical approaches The authors aim to highlight some of the approaches that are not always centered in arts based research The contributors represent a variety of arts based practices and methods and they weave this marrying of artistic and scientific expertise and experience into the fabric of the chapters themselves Authors from international contexts speak to the importance of utilizing artistic approaches for research processes From multimodal field notes to poetic forms to the dramaturgical chapters in this book represent steps forward in educational inquiry to bringing together both the creative and credible The book includes multiple images and rich descriptions shared from the field This first volume covers amongst other topics co created narratives creative fiction in research analytic portraits dramatic representation and critical poetic inquiry It would be suitable for graduate students and scholars interested in qualitative inquiry and arts based methods in education and the social sciences

Theory and Method in Higher Education Research Jeroen Huisman, Malcolm Tight, 2020-11-09 This volume of *Theory and Method in Higher Education Research* contains analyses and discussions of amongst others relational working corpus linguistics data dialogues instrumental variables participatory pedagogy diverse participation policy discourse quality management and knowledge structures of research

[Embodied Research in Migration Studies](#) Vacchelli, Elena, 2018-07-04 The definition of data in qualitative research is expanding This book highlights the value of embodiment as a qualitative research tool and outlines what it means to do embodied research at various points of the research process It shows how using this non invasive approach with vulnerable research participants such as migrant refugee and asylum seeking women can help service users or research participants to be involved in the co production of services and in participatory research Drawing on both feminist and post colonial theory the author uses her own research with migrant women in London focusing specifically on collage making and digital storytelling whilst also considering other potential tools for practicing embodied research such as yoga personal diaries dance and mindfulness Situating the concept of embodiment on the map of research methodologies the book combines theoretical groundwork with actual examples of application to think pragmatically about intersectionality through embodiment

How to Make Collages John Lynch, 1961 The author shows many kinds of collages from the simplest to the most complicated He suggests appropriate materials to use gives sources of design and takes the reader step by step through several projects Also included are examples that are partly painting and partly collage shadowbox collages to hang on the wall or set on the table and collages used successfully in advertising design

Cloth Doll Faces Ray Slater, 2021 [The Sage Encyclopedia of Qualitative Research Methods: A-L](#) ;
