The Cemeteries of Jackson and Sandy Ridge Townships, Union Co., NC: Volume 4- Cemetery Index S. David Carriker, D. Min.,2017-08-31 Volume Four of this series contains the alphabetical rosters of each of the 144 cemeteries in the study area of Jackson and Sandy Ridge Townships Union Co NC It includes over 27 524 graves **Geographic Names Information System (GNIS)** ,1981 North Carolina Geographic Names Information System ,1987 *Statistics for Archaeologists* Robert D. Drennan,2013-06-29 This book is intended as an introduction to basic statistical principles and techniques for the archaeologist It grows primarily from my experience in teaching courses in quantitative analysis for undergraduate and graduate students in archaeology over a number of years The book is set specifically in the context of archaeology not because the issues dealt with are uniquely archaeological in nature but because many people find it much easier to understand quantitative analysis in a familiar context one in which they can readily understand the nature of the data and the utility of the techniques The principles and techniques however are all of much broader applicability Physical anthropologists cultural anthropologists sociologists psychologists political scientists and specialists in other fields make use of these same principles and techniques The particular mix of topics the relative emphasis given them and the exact approach taken here however do reflect my own view of what is most useful in the analysis of specifically archaeological data It is impossible to fail to notice that many aspects of archaeological information are numerical and that archaeological analysis has an unavoidably quantitative component Standard statistical approaches are commonly applied in straightforward as well as unusual and ingenious ways to archaeological problems and new approaches have been invented to cope with the special quirks of archaeological analysis The literature on quantitative analysis in archaeology has grown to prodigious size in the past 25 or 30 years *Tennessee, Geographic Names Information System, Alphabetical Finding List* ,1985 *Official Guide of the Railways and Steam Navigation Lines of the United States, Porto Rico, Canada, Mexico and Cuba* ,1923 **Alabama Geographic Names Information System** Geological Survey (U.S.).
