## **Real Self A Developmental Self And Object Relations Approach:**

The Real Self James F. Masterson, M.D.,2013-08-21 First Published in 1985 This informative volume examines the clinical research linking normal separation individuation with object relations theory and developmental psychopathology It focuses on the core problem the lack of a concept of the self integrated with object relations theory By adding a theory of the self to object relations theory the book both enlarges and more acutely focuses the therapeutic perspective thereby enhancing work with patients It also further enables therapists to clarify their own real selves Dr Masterson's thesis is that for the real self to finally emerge from the symbiotic union and assume its full capacities identification acknowledgment and support are required from the mother and father in early development and from the therapist in psychotherapy Dr Masterson describes and illustrates the therapeutic technique of communicative matching and provides the necessary acknowledgment while maintaining therapeutic neutrality Part I reviews psychoanalytic theory of the ego and the emerging real self its structure function development and its psychopathology and treatment Part II explores the relationship between maternal libidinal acknowledgment and the development of the real self by a cross cultural comparison of child raising in Japan Israel and the United States It then describes the influence of social and cultural factors on the functioning of the real self in the United States Part III on Creativity and the Real Self draws upon fairy tales Jean Paul Sartre Edvard Munch and the life and work of the novelist Thomas Wolfe to show how for some artists creativity becomes a crucial vehicle in their search to establish a real self This section illuminates the nature of personal and artistic creativity and describes how a professional interest in the functioning of the real self leads inevitably to an interest in the ultimate of self expression creativity Of special interest are the numerous case illustrations drawn from Masterson's extensive clinical work showing how acknowledgment and support enable the real self to fully emerge from the symbiotic union and to assume its full capacities

**Psychotherapy of the Disorders of the Self** James F. Masterson, M.D., Ralph Klein, M.D., 2013-05-13 The Masterson Approach has evolved from 32 years of scientific inquiry including four formal research projects nine books and 75 papers this volume marks an important stage in a professional journey that has had many turnings Clinical concern and theoretical introspection evoke a wish to share which led to writing and teaching The deepening of this need to build a continuing community of ideas has impelled Masterson to invite those who have learned from him to join me This book represents their commitment and contribution to the Masterson Approach

Real-Self Expression Exploring the Dimensionalities of Who We Are From the Authors of Letting Go and Taking the Chance to be Real Sherron Lewis, 2020-09-29 This book is about exploring the dimensionalities of who we are as we strive to communicate the deeper aspects of our being Giving creative voice to real self expression requires our establishing true communication with a deeper consciousness within us a turning inward to capture and seize the thoughts experiences

emotions and myriad of memories that reside inside our mind to push beyond the limitation of words and to stand in the spaces between what may seem to be inharmonious aspects of our self to find synchrony This is the gift of our psychic symphony The only question is one of what we will compose Sherron Lewis and Shelley Stokes The authors Shelley Stokes Ph D and Sherron Lewis LMFT have been pursuing a conceptual clinical and experiential exploration of the many dimensions and phenomena contained in the human struggles inherent in knowing being expressing and living as an expression of SELF that is more REAL and less a manifestation of distorting inhibiting fear inducing and submissiveness to accommodate to the perceived demands and expectations of external forces and emotionally important relationships In this their latest effort in this endeavor they continue to employ a methodology that includes clinical theoretical formulations neuropsychological findings poetic and philosophical offerings spiritual references clinical therapeutic vignettes and personal reflections Throughout their writings Lewis and Stokes creatively share aspects of their own personal explorations and reflections on their journeys to greater self authenticity and freedom of expressions of the self In fact it is through their use of personal self disclosures that they offer the reader a form of interpersonal experiential intimacy in teaching and encouraging the same in the reader s journey of self discovering and expression thus making accessible to the reader especially the non clinical professionals a greater access to integrated knowing through concepts emotions reflections and experiences Through this unique approach the authors engage in a powerful means of communication by inviting the reader to personally engage in the demanding complex exciting energizing and releasing effort to get beyond habitual ways of being in finding creating and expressing that which has been waiting to be brought to greater fruition in REAL SELF expression Errol F Leifer PhD ABPP ABN FABN Sherron Lewis is a licensed marriage and family therapist in private practice in Northern California She specializes in individual and interpersonal conflict and personal development Her theoretical orientation is a blend of psychodynamic attachment and family systems theories She has enjoyed conducting many workshops on a variety of topics relating to parenting shame and real self expression The focal areas of her practice are individual couples and family therapy multilevel intervention and clinical consultation She also has enjoyed being a freelance artist for the past thirty five years Shelley Stokes is a clinical psychologist in private practice in Northern California He received his certification in psychoanalytic psychotherapy from the Masterson Institute in 1994 and has had a long standing practice treating adults and families He has conducted many workshops and taught extensively on a variety of topics related to understanding and treating disorders of the self In addition to coauthoring three recent books with Sherron his other writings have included Disorders of the Self Advances in Diagnosis and Treatment of Borderline Personality Organization Non Pathologic Object Use in the Process of Therapeutic Change Winnicott Revisited and The Culturally Different Patient in Psychoanalytic Psychotherapy

**James F. Masterson** Loray Daws, 2024-02-01 In this volume Loray Daws traces the life and work of Dr James F Masterson with a focus on the scientific development and later expansion of the six developmental stages of the

Masterson Method Exploring more than 15 of Masterson's volumes as well as countless articles Daws shows how Masterson's approach to Object Relations and the developmental self can serve clinicians in both conceptualizing and treating borderline narcissistic and schizoid disorders of self Considering the pioneering and innovative nature of Masterson's work Daws looks at how he creatively expanded on Freud's theories on repression successfully developing therapeutically sound ways to touch and transform developmental trauma and trauma reflected in a deep abandonment depression James F Masterson A Contemporary Introduction will be of interest to students in psychology psychiatry and psychiatric nursing as well as psychoanalytically orientated psychotherapists psychoanalysts and those specializing in the ever growing field of the treatment of the disorders of the self

**Self-in-Relationship Psychotherapy** Augustine Meier, Micheline Boivin, 2022-07-29 In this innovative book the authors set out their theory of Self in Relationship Psychotherapy SIRP advocating for the integration of relational self and physical intimacy needs in the conceptualization and treatment of psychological problems placing human needs at the center of treatment This marks a shift in how psychological and relational problems are understood currently being perceived in terms of affects cognitive processes and behaviors Using numerous illustrations from their own clinical practice Meier and Boivin contend that this understanding overlooks the pivotal role that needs play in all aspects of people's personal lives and relationships Children adolescents and adults do not live primarily from feelings and thoughts but from basic psychological and relational needs such as wanting to be in a meaningful relationship having the autonomy and freedom to make decisions about their lives experiencing being competent being regarded as a significant and important person and experiencing emotional intimate and sensual and or sexual connections By taking such an approach this book stands out among other books on psychotherapy theories Authored by two seasoned psychologists who have provided therapeutic services to children adolescents and adults for 40 years this book comprises the foundational theory for practicing Self in Relationship Psychotherapy making it of interest to graduate students clinicians in training and practicing psychologists social workers and psychotherapists alike

*Sartre and Psychoanalysis* Betty Cannon, 1991 Betty Cannon is the first to explore the implications of Sartrean philosophy for the Freudian psychoanalytic tradition Drawing upon Sartre's work as well as her own experiences as a practicing therapist she shows that Sartre was a fellow traveler who appreciated Freud's psychoanalytic achievements but rebelled against the determinism of his metatheory The mind Sartre argued cannot be reduced to a collection of drives and structures nor is it enslaved to its past as Freud's work suggested Sartre advocated an existentialist psychoanalysis based on human freedom and the self's ability to reshape its own meaning and value Through the Sartrean approach Cannon offers a resolution to the crisis in psychoanalytic metatheory created by the current emphasis on relational needs By comparing Sartre with Freud and influential post-Freudians like Melanie Klein Otto Kernber Margaret Mahler D W Winnicott Heinz Kohut Harry Stack Sullivan and Jacques Lacan she demonstrates why the Sartrean model transcends the limitations of traditional Freudian metatheory

In the process she adds a new dimension to our understanding of Sartre and his place in twentieth century philosophy

Finn,1992-12-10

Until now little attention has been paid to the application of contemporary psychoanalytic theory to religious experiences In this edited collection the contributors provide examples that illustrate both theoretical insights and clinical techniques that are relevant to clinicians who face religious issues in psychotherapy This work follows in the footsteps of Ana Maria Rizzuto who took the bold step of employing object relations theory to the clinical study of an individual s religious representations and argued that religious representations profoundly reveal a person s relational world Dr Rizzuto provides a detailed afterword for this volume While several of the authors maintain religious commitments which vary from Christian to Jewish to Buddhist a critique of the recruitment of object relations theory in the service of religious apologetics is also included The importance of a religious aspect to psychoanalysis becomes evident when we consider whether an effective therapy with the religiously committed patient is possible without the clinician s willingness to accept that God and other religious experiences are real phenomena exerting a unique impact upon the personality Or when we ask if by thinking too concretely and too statically about images of God the clinician who is also a believer errs by focusing on the theological adequacy or inadequacy of a given representation This book will interest mainstream clinicians who are eager to pursue the psychology of religion as well as the traditional pastoral counseling community

**Psychiatric Inpatient Care of Children and Adolescents** Robert L. Hendren, Irving N. Berlin,1991 Deals with inpatient treatment and the care of child and adolescent psychiatric patients The orientation of the entire book is toward multicultural considerations and seeks to sensitize the psychiatric worker to cultural and ethnic variations in background familial characteristics and cultural expectations It also shows how to effectively integrate this into treatment programs This unique work is written and edited by experienced practitioners in inpatient psychiatric treatment and the multicultural approach to child and adolescent psychiatric disorders

*The Birth of a Self in Adulthood* Dorothea S. McArthur,1988 This is a study about adult patients who have been unconsciously held back from traversing the normal process of psychological development It examines the use of psychotherapy in which the issues are properly understood
