**Perspectives on Power** Liana Chua, Joanna Cook, Nicholas Long, Lee Wilson, 2012-05-04 Southeast Asia has undergone innumerable far reaching changes and dramatic transformations over the last half century This book explores the concept of power in relation to these transformations and examines its various social cultural religious economic and political forms The book works from the ground up portraying Southeast Asians own perspectives conceptualizations and experiences of power through empirically rich case studies Exploring concepts of power in diverse settings from the stratagems of Indonesian politicians and the aspirations of marginal Lao bureaucrats to mass Prayer Power rallies in the Philippines self cultivation practices of Thai Buddhists and relations with the dead in Singapore the book lays out a new framework for the analysis of power in Southeast Asia in which orientations towards or away from certain models practices and configurations of power take centre stage in analysis In doing so the book demonstrates how power cannot be pinned down to a single definition but is woven into Southeast Asian lives in complex subtle and often surprising ways Integrating theoretical debates with empirical evidence drawn from the contributing authors own research this book is of particular interest to scholars and students of Anthropology and Asian Studies      *The Spell of Power* H.G.C. gender inequalities that it sustained Over time these relationships of domination and subordination became inverted and by the twentieth century the Javanese used the tropes of Dutch colonial behavior to subvert the administrative hierarchy of the state Thanks to generous funding from the Sustainable History Monograph Pilot and the Mellon Foundation the ebook editions of this book are available as Open Access OA volumes from Cornell Open [cornellpress.cornell.edu/cornell-open](http://cornellpress.cornell.edu/cornell-open) and other Open Access repositories
