

Ramadan Mubarak

Celebrate the Islamic Festival of Eid-al-Fitr and help the environment by making sustainable changes. Here are some handy tips for decorations and greetings.

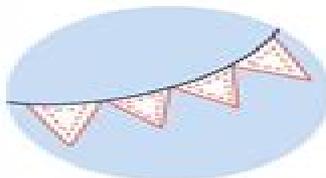

1

Making homemade decorations is fun but avoid using glitter.

Lots of ideas for homemade Eid decorations can be found online.

Paper can be recycled, whereas glitter is usually made from plastic and can easily enter the environment.

The crescent moon, stars, mosques and lanterns often feature on Eid decorations. They are important symbols in Islam.

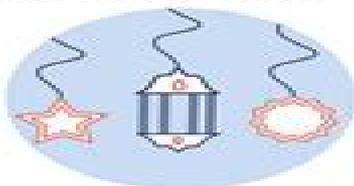

2

Reuse old decorations or buy durable decorations that can be used next Eid.

50% of all plastic produced is for single-use products that are soon thrown away.

Islam instructs followers not to waste valuable resources.

3

If you give family members Eid cards, make your own.

Many cards are embellished with ribbons or glitter that cannot be recycled but can be reused when making your own cards.

Greeting card batteries should also be removed and disposed of. Always check your local recycling rules.

Islam tells followers to strengthen family connections and giving cards helps do this.

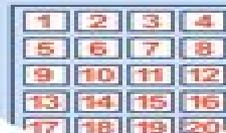

4

Make your own Ramadan countdown calendar and fill it with homemade treats.

The government's 25-year environment plan aims to achieve zero avoidable plastic waste by 2042 and zero avoidable waste by 2050.

Calendars with gifts in can be used to count down the 30 days which make up the month of Ramadan leading up to Eid.

Pollution Eid:

The History of Emigration Canyon: Gateway to Salt Lake Valley Cynthia Furse, Jeffrey Carlstrom, 2019-11-28 Emigration Canyon is well known in Utah as the route by which pioneers in 1847 reached Great Salt Lake Valley to establish the state's first lasting Euro American settlements. Before and after 1847 the canyon had an interesting history which included the Donner Reed party, the Pony Express, and Overland Stage, mining and sheep herding, a narrow gauge railroad, a major resort, a brewery, and the transformation of recreation areas and cabin sites into year-round residential neighborhoods. This well-illustrated, detailed history tells the story of a unique place, but its counterparts can be found across the West and America wherever the development of wild and scenic areas has been shaped by the growth and needs of neighboring cities. In this second edition, new illustrations and maps, new information and stories, a significantly expanded chapter on the Emigration Canyon Railroad, and a new chapter on the modern history bring to life the story of a place and its people. **Civil Society**

Contributions to Policy Innovation in the PR China A. Fulda, 2015-04-29 This book focuses on the question of whether and how civil society may contribute to policy innovation. As the focus of civil society research is often more on the constraints on civil society by the state and less on the agency and effects of civil society organizations, the authors provide a fresh and fruitful perspective. China Le Luo, Hongtao Shen, Yankun Zhou, 2025-06-13 The book explores how diverse stakeholder groups, particularly community and regulatory stakeholders, shape corporate environmental practices. Focusing on one of the world's largest economies, this book provides an in-depth analysis of stakeholder dynamics and their impact on corporate environmental performance and disclosure. Environmental governance has become a global imperative as environmental crises intensify and stakeholder expectations grow. The book examines the interplay between community advocacy and regulatory actions and particularly focuses on how community stakeholders drive corporate accountability by pressuring regulatory authorities to enforce stricter measures or provide financial incentives. The chapters include discussions on the role of public environmental awareness and concern in shaping corporate performance and disclosure practices. The book also highlights how regulatory influence mediates the relationship between community influence and corporate environmental outcomes, offering new insights into the interactive dynamics of stakeholder influence. This book will be of interest to policymakers, corporate managers, and academics seeking to understand the nuanced relationships between businesses, governments, and
