Personal Enemy:

Children of a Compassionate God L. John Topel, 2001 Luke 16:16 forms the literary context for the Sermon on the Plain This context grounds Jesus teaching authority as the Son of God The beatitudes and woes 6:20-26 establish a revolutionary vision of the authentic human life The love commandment is grounded in two general ethical principles the Golden Rule 6:31 as a maxim of general altruism and the imitatio Dei 6:36 making human conduct respond to the deepest human desires intimated in the Rule Consequently Christian disciples are to avoid hostile judgment as their master did one can judge truly only by examining the fruits one produces These commands which carry human authenticity beyond its limits are the only way to avoid total destruction

Zhang Yijing (1871-1931) and the Search for a Chinese Christian Identity Jue Wang (王觉), 2021-10-06 Can Christian identity and national identity be reconciled For Christians in China this question is particularly fraught While Sinicization offers the indigenous church one path forward it fails to provide a tenable solution for believers unwilling to submit their love of God under love of country Dr Jue Wang explores an alternative roadmap for Chinese Christian identity in the writings of Zhang Yijing The editor of True Light a Chinese Baptist publication Zhang was also a Chinese patriot Confucian and life long proponent of science and reason Utilizing the lens of identity studies Dr Wang examines Zhang's process of reconciling faith and culture in his quest to be both authentically Christian and authentically Chinese This study offers a fascinating glimpse into the modern history of the Chinese church while uncovering the significance of an often overlooked Chinese Christian apologist Zhang's example offers encouragement and hope for believers around the world seeking to integrate social cultural and national identities under the lordship of Christ

Alternate Delimitations in the Hebrew and Greek Psalters Paul J. Sander, 2020-07-07 Numerous Greek and Hebrew manuscripts of the book of Psalms combine and split several psalms in ways that are not found in a modern bible Paul J Sander explores the literary and theological interpretative possibilities created by these alternate delimitations of the biblical text Provided by publisher

Emotive Language in Argumentation Fabrizio Macagno, Douglas Walton, 2014-02-24 This book analyzes the uses and implicit dimensions of emotive language from a pragmatic dialectical epistemic and rhetorical perspective

Synonyms Discriminated, 1926 *Lojong Mind Training in Seven Points*, **Samurai and Ninja** Antony Cummins, 2016-08-09 The myths of the noble Samurai and the sinister Ninja are filled with romantic fantasy and fallacy Samurai and Ninja expert Antony Cummins shatters the myths and exposes the true nature of these very real and very lethal medieval Japanese warriors The Samurai and Ninja were in fact brutal killing machines trained in torture and soaked in machismo Many were skilled horsemen and sword fighting specialists while others were masters of deception and sabotage Some fought for loyalty others for personal gain What these warriors all shared in common was their unflinching personal bravery skill and brutality In Samurai and Ninja Cummins separates myth from reality and shows why the Japanese were the greatest warriors of all time He describes the Samurai and the Ninja as they really were in earlier times when

battles raged across Japan not in later times when war became obsolete and Japanese warriors became philosophers scholars and courtiers He describes the social context of the day and the feudal world into which the warriors were trained to fight and die for their lords He exposes the essentially brutal nature of warfare in medieval Japan This book is illuminated by many rare Japanese manuscripts and texts which are translated into English for the very first time The New College Latin & English Dictionary, Revised and Updated John Traupman,2007-05-01 With unique features for maximum clarity and convenience this newly expanded edition of a respected classic offers students teachers and scholars alike an updated reference to the Latin language both written and oral that is unsurpassed in affordability dependability and ease of use
