Haertel,2017-10-16 Excerpt from *Elements of German Grammar for Review* The present volume is not intended to be a
complete German grammar or to replace the many excellent grammars or books for beginners now on the market Its primary
objectis to serve as a guide to the student in reviewing the grammar during the second year to focus his attention upon the
essentials and to impress these firmly upon his mind Hence all unnecessary details have been omitted and matter of
secondary importance has been put in small type or in the notes The introductory chapter on definitions of grammatical
terms has been inserted in the hope that it may relieve the teacher of German of the time consuming task of teaching the
first elements of English grammar It is hoped that the questions on the various topics may prove a valuable aid in impressing
all important points upon the student s mind The suggested exercises can and ought to be multiplied and varied by the
teacher to give the stu dent not merely a theoretical but also a practical knowledge of German grammar About the Publisher
