## **Prairie Legacy:**

Sod and Stubble John Ise, 1996 A few years ago as I listened one night to my mother telling incidents of her life pioneering in the semi arid region of Western Kansas it occurred to me that the picture of that early time was worth drawing and preserving for the future and that if this were ever to be done it must be done soon before all of the old settlers were gone This book is the result an effort to picture that life truly and realistically It is the story of an energetic and capable girl the child of German immigrant parents who at the age of seventeen married a young German farmer and moved to a homestead on the wind swept plains of Kansas where she reared eleven of her twelve children and remembering regretfully her own half day in school sent nine of them through college It is a story of grim and tenacious devotion in the face of hardships and disappointments devotion that never flagged until the long hard task of near a lifetime was done John Ise from the preface Deeply moved by his mother s memories of a waning era and rapidly disappearing lifestyle John Ise painstakingly recorded the adventures and adversities of his family and boyhood neighbors the early homesteaders of Osborne County Kansas First published in 1936 his nonfiction novel Sod and Stubble has since become a widely read and much loved classic In the original Ise changed some identities and time sequences but accurately retained the uplifting and disheartening realities of prairie life Von Rothenberger brings us a new annotated and expanded edition that greatly enhances Ise s timeless tale He includes the entire first edition replete with Ise s charm wit and veracity restores four of Ise s original chapters that have never been published and adds photographs of many of the key characters In his notes Rothenberger reveals the true identity of Ise s family and neighbors provides background on their lives and places events within a wider historical and geographical context Ushering us through a dynamic period of pioneering history from the 1870s to the turn of the century Sod and Stubble abounds with the events and issues fires and droughts parties and picnics insect infestations and bumper crops prosperity and poverty divisiveness and generosity births and deaths that shaped the lives and destinies of Henry and Rosa Ise their family and their community One hundred and twenty five years after Osborne County was organized and Henry Ise homesteaded his claim a corner of nineteenth century Kansas social history remains safeguarded thanks to the tenacity of John Ise and the insight of Von Rotheberger who enlivens Ise s story with revealing detail *The Heart of America* Tim Palmer, 1999-09-01 From the cliffs of Big Sur to the dunes at Cape Hatteras from the bogs of the Boundary Waters to the deserts of the Rio Grande the landscape of America has shaped us into the people we are Not only is it central to ecological health and essential to the economy it has helped form our culture and serves as a basis of national pride The heart of America lies in the rock and soil the mountains and the plains that surround us In this illuminating portrait of America at the threshold of the new millennium author Tim Palmer explores and assesses the landscape of the United States both timeless wonders of natural beauty and lost places scarred by human exploitation He takes the reader on an informative and inspirational tour of our most vital landscapes including mountains forests grasslands deserts rivers lakes wetlands and

seashores He introduces us to the basic geography and ecological value of each landscape describes historical patterns of land use considers the most serious threats and discusses what is being done to protect the landscape for future generations Throughout he instills a deeper understanding of the importance of the land a sense of outrage at the damage that has been done and a feeling of hope that those working to correct past abuses will succeed Weaving together geographical historical and ecological information and insights Palmer draws on thirty years of professional experience as a writer photographer conservationist planner landscape architect and veteran traveler to present a fresh look at the past present and future of our land Resounding in its account of these landscapes compelling in the force of its information and the hope of its timely message The Heart of America offers a fascinating measure of the land around us and a unique look at the place we call home

**Protected Land** Douglas J. Spieles, 2010-09-02 By many measures Earth's ecosystems are stressed Actually it may be more accurate to say that Earth's remaining ecosystems are stressed The fact is that most of the planet's biomes support only a fraction of the biological communities they once did primarily because humans have converted large areas of land to alternate uses More than two thirds of the global temperate forests half of the grasslands even a third of desert ecosystems have been conscripted for human uses like agriculture construction harvest and extraction Cultivation alone covers a quarter of the habitable terrestrial surface Aquatic ecosystems have not fared any better An estimated half of the world's wetlands are gone particularly those of coastal regions or on arable land About a fifth of the coral reefs and a third of the mangrove swamps of a century ago have been lost in just the last few decades The volume of water impounded by dams quadrupled over the same period it now far exceeds the volume of water in unimpeded rivers Millennium Ecosystem Assessment 2005 Mitsch and Gosselink 2007 So any assessment of ecosystem status is necessarily an analysis of fragments and remnants and many of these are degraded by one or more anthropogenic stressors

**Conservation in Highly Fragmented Landscapes** Mark Schwartz, 2012-12-06 Mark W Schwartz Soon after we came into extensive meadows and I was assured that those meadows continue for a hundred and fifty miles being in winter drowned lands and marshes By the dryness of the season they were now beautiful pastures and here presented itself one of the most delightful prospects I have ever beheld all low grounds being meadow and without wood and all of the high grounds being covered with trees and appearing like islands the whole scene seemed an elysium Capt Thomas Morris 1791 I am sitting in a 60 mile an hour bus sailing over a highway originally laid out for horse and buggy The ribbon of concrete has been widened and widened until the field fences threaten to topple into the road cuts In the narrow thread of sod between the shaved banks and the toppling fences grow the relics of what once was Illinois the prairie

*A Searching Heart* Janette Oke, 1998 Virginia Simpson feels deep restlessness as she graduates from high school but is not sure she is ready for the adult world

**Report RMRS** ,1998      **The Sword of Saint Paul** Duncan F. Robertson,1982 In 1983 the Roman Catholic Diocese of Saskatoon celebrated the 50th anniversary of its establishment by a decree of Pope Pius XI This is a chronological account of those first fifty years It is set in three parts The first describes the origins growth and development and gives some idea how the diocese came to be what it is today The second shows what its people have done with their lives in various apostolates And the third provides short accounts of the parishes and missions in which these things have happened      *Prairie Legacy* Anne D. Bachner,2007-07-27 The Thomas family was bound to their family heritage and tradition with bonds of love and chains of responsibility and ambition Some members of the family broke the bonds and chains and left rural Wisconsin while others remained for four generations Their cathedral like 100 x 40 foot stone barn kept them bound to the prairie and a way of life that has now all but disappeared The stone barn stands today as a prairie legacy reminding passers by of a different way of life The author brings the family to life by imaginatively connecting dramatic events two cabin fires a tornado the arrival of the Chicago and North Western Railroad and the building of their stone barn There is quiet heroism in this remarkable family as they face heart wrenching disasters and personal tragedy involving everything from death and blindness to the possibility of losing their beloved farm to developers      **Annual Report** Colorado. State Board of the Great Outdoors Colorado Trust Fund,2010      **Nebraskaland** ,1986      Home Missionary ,1880      **Prairie Legacy** Mary Lindley Wright,1981 Henry C Eisenmenger 1841 1900 changed his name to Ise during the Civil War He was born in W rttemberg Germany and immigrated to Utica N Y in 1857 with his sister Kate He married Rosa C Haag 1855 1947 whose parents John Christophe Haag and Rosena Christina Freihofer had immigrated from W rttemberg Ger to Wisc in 1852      **The Publishers Weekly** ,1999      *The Home Missionary* ,1886 No 3 of each volume contains the annual report and minutes of the annual meeting      Library Journal ,2001      **The Sacred Shore** Janette Oke,T.
