Primitive Edge Of Experience

Thomas H. Ogden

Primitive Edge Of Experience:

The Primitive Edge of Experience Thomas H. Ogden, 1992-12 This is an extraordinary and exciting book the work of a truly original and creative psychoanalytic theoretician and most astute clinician Ogden continues to expand and to deepen his reformulations of the British object relations theorists M Klein W R Bion D W Winnicott W R D Fairbairn H Guntrip to illuminate further the world of internalized object relations His concepts are evolutionary and at times revolutionary Exploring the area of human experience that lies beyond the psychological territories addressed by the previous theorists he introduces the concept of an autistic contiguous mode as a way of conceiving of the most primitive psychological organization through which the sensory floor of the experience of self is generated He conceives of this mode as a sensory dominated presymbolic area of experience in which the most primitive form of meaning is generated on the basis of organization of sensory impressions particularly at the skin surface A major tenet in the book is a conceptualization of human experience throughout life as the product of a dialectical interplay among three modes of generating experience the depressive the paranoid schizoid and the autistic contiguous Each mode creates preserves and negates the other No single mode of generating experience exists independently of the others Psychopathology is conceptualized as a collapse of the dialectic in the direction of one or another mode of generating experience The outcome of such collapse may be entrapment in rigid asymbolic patterns of sensation collapse in the direction of the autistic contiguous mode or imprisonment in a world of omnipotent internal objects where thoughts and feelings are experienced as things and forces which occupy or bombard the self collapse in the direction of paranoid schizoid mode or isolation of the self from lived experience and aliveness of bodily sensations collapse in the direction of the depressive mode Ogden presents his unique development of the autistic contiguous mode as the synthesis interpretation and extension of the works of D Meltzer E Bick and F Tustin He is careful to state that this psychological organization is a developing and ongoing mode of generating experience and not a limited phase of development an elaboration of this primitive organization is an integral part of normal development All three modes are considered not positions to be passed through outgrown or overcome and relegated to the past but as integral dimensions of present adult ego functioning Sensory experience in an autistic contiguous mode has rhythmicity that is becoming the continuity of being it has boundedness that is the beginning of experience of the place where one feels things and lives it has features such as shape hardness cold warmth and texture beginnings of the qualities of who one is As his generous case examples aptly demonstrate Ogden's theories are solidly grounded in his discerning work with a broad variety of patients His brilliant pathfinding will enlighten and enrich the reader with invaluable insights He will listen with new ears and with a fresh conceptual framework with which to comprehend the most primitive elements of human development and the complex interplay among the different modes of experience This is a bold important instructive and stimulating book of equally great clinical and theoretical applicability *The Journal of the American Psychoanalytic Association* A Jason Aronson Book The

Primitive Edge of Experience Thomas H. Ogden, 1992-12 This is an extraordinary and exciting book the work of a truly original and creative psychoanalytic theoretician and most astute clinician Ogden continues to expand and to deepen his reformulations of the British object relations theorists M Klein W R Bion D W Winnicott W R D Fairbairn H Guntrip to illuminate further the world of internalized object relations His concepts are evolutionary and at times revolutionary Exploring the area of human experience that lies beyond the psychological territories addressed by the previous theorists he introduces the concept of an autistic contiguous mode as a way of conceiving of the most primitive psychological organization through which the sensory floor of the experience of self is generated He conceives of this mode as a sensory dominated presymbolic area of experience in which the most primitive form of meaning is generated on the basis of organization of sensory impressions particularly at the skin surface A major tenet in the book is a conceptualization of human experience throughout life as the product of a dialectical interplay among three modes of generating experience the depressive the paranoid schizoid and the autistic contiguous Each mode creates preserves and negates the other No single mode of generating experience exists independently of the others Psychopathology is conceptualized as a collapse of the dialectic in the direction of one or another mode of generating experience The outcome of such collapse may be entrapment in rigid asymbolic patterns of sensation collapse in the direction of the autistic contiguous mode or imprisonment in a world of omnipotent internal objects where thoughts and feelings are experienced as things and forces which occupy or bombard the self collapse in the direction of paranoid schizoid mode or isolation of the self from lived experience and aliveness of bodily sensations collapse in the direction of the depressive mode Ogden presents his unique development of the autistic contiguous mode as the synthesis interpretation and extension of the works of D Meltzer E Bick and F Tustin He is careful to state that this psychological organization is a developing and ongoing mode of generating experience and not a limited phase of development an elaboration of this primitive organization is an integral part of normal development All three modes are considered not positions to be passed through outgrown or overcome and relegated to the past but as integral dimensions of present adult ego functioning Sensory experience in an autistic contiguous mode has rhythmicity that is becoming the continuity of being it has boundedness that is the beginning of experience of the place where one feels things and lives it has features such as shape hardness cold warmth and texture beginnings of the qualities of who one is As his generous case examples aptly demonstrate Ogden's theories are solidly grounded in his discerning work with a broad variety of patients His brilliant pathfinding will enlighten and enrich the reader with invaluable insights He will listen with new ears and with a fresh conceptual framework with which to comprehend the most primitive elements of human development and the complex interplay among the different modes of experience This is a bold important instructive and stimulating book of equally great clinical and theoretical applicability The Journal of the American Psychoanalytic Association A Jason Aronson Book The Primitive Edge of Experience Thomas Ogden, 2018 Ogden constructs an anatomy and physiology of the psychic apparatus

based on the interplay of the depressive the paranoid schizoid and the autistic contiguous positions The last position is his unique creation and refer to a primitive mode of experiencing that involves the moulding and shaping of boundaries Provided by publisher *The Primitive Edge of Experience* Thomas H. Ogden,2004 **Emotional Understanding** Donna M. Orange,1995-10-13 With a unique blend of clinical compassion and philosophical reflection Donna M Orange illuminates the nature and process of psychoanalytic understanding within the intimate and healing human context of treatment Moving away from objectivist empiricism and its polar opposite constructivist relativism her work details a paradigm shift to a perspectival realism that does justice to the concerns of both Laying the groundwork for a fuller more encompassing view of psychoanalytic practice Emotional Understanding is enlightening reading for all mental health professionals interested in psychodynamic theory and treatment *Why Read Ogden? The Importance of Thomas Ogden's Work for Contemporary Psychoanalysis* Marina F R Ribeiro,2024-11-29 Why Read Ogden explores the importance of Thomas Ogden s work to contemporary psychoanalysis both as an interpreter of classic psychoanalytic thinkers and as a new and original theorist and clinician in his own right Ogden writes about the literary genre of psychoanalytic writing emphasising the amalgamation of theoretical and clinical writing with the author s personality Ogden also considers psychoanalytic writing a form of thinking We do not write what we think but we are thinking something unprecedented in writing Inspired by Ogden s proposal of a transitive and creative reading which the authors show him to demonstrate in his own writing about Freud Klein Bion and Winnicott this book takes as its organising principle the question of how Ogden s texts resonate with them personally Ogden is regarded as one of the most important and influential living psychoanalysts and this book addresses the lack of attention given to summarising and examining his key contributions This book will be essential reading for psychoanalysts and psychotherapists in practice and in training who wish to gain a comprehensive understanding of Ogden s work **Subject to Ourselves** Anthony Elliott,2015-12-22 The revised edition of Subject to Ourselves a lively and provocative book that was a leader on its topic in England uses psychoanalytic theory as the basis for a fresh reassessment of the nature of modernity and postmodernism Analyzing changing experiences of selfhood desire interpersonal relations culture and globalization the author develops a novel account of postmodernity that supplants current understandings of fragmented selves Subject to Ourselves includes a diverse set of case studies including the power of fantasy in military violence and war the debate over sexual seduction in psychoanalysis and the cultural uses of media and new information technologies The book will be essential reading for students and professionals of social and political theory psychoanalytic studies psychology and cultural studies as well as those with an interest in the modernity postmodernity debate Praise for the First Edition This book not only fills an important gap in the literature for it summarises a debate that is scattered across a decade of rather difficult texts but also offers a resolution that is sensible and grounded in the best current thinking It will be widely read by graduate students faculty and professionals in the humanities and social sciences Choice This is an informative and enjoyable book which will

be of use to students and academics It is accessibly written and provides useful summaries of the different theories and debates in cultural and psychoanalytic theory Recommended Radical Philosophy *Psychoanalysis* David Henderson,2015-09-04 This volume offers a rich tapestry of psychoanalytic thought The authors demonstrate bold creativity in their use of psychoanalytic concepts to think about a wide range of problems in philosophy art and the clinic The collection grew out of Psychoanalysis Culture and Society a conference for postgraduate students and research fellows organised by the Centre for Psychoanalysis Middlesex University London in June 2014 The range of themes addressed at the conference demonstrates the interdisciplinary character of psychoanalytic studies Few of the contributors are affiliated with established psychoanalytic research centres and consequently can feel isolated within their respective departments They were pleased to have the opportunity to meet with others who are pursuing related questions **Shevet Musar and Psychology** Ilaria Briata,2025-08-21 A best selling manual in the Jewish tradition of spiritual instruction Shevet musar Istanbul 1712 by Elijah ha Kohen Itamari confronts the contemporary reader with surprisingly modern psychological subtlety as it tackles the matters of the soul by means of emotional manipulation somatic grounding and mindfulness of the mutual relations connecting humans to God and creation In the first dedicated monographic study Shevet musar is situated within the long dur e history of psychology providing a non Western premodern contribution to the discourse on and for the soul Through a close reading of key excerpts the book explores how the text engages the reader by constructing a sense of selfhood psychopoiesis while steering behaviours and states of mind through emotional conditioning psychagogy A theoretical framework encompassing historical scholarship psychology and psychoanalysis along with cultural and philosophical studies reveals and illuminates the cosmos of an eighteenth century Ottoman rabbi preoccupied with the wellness of Jewish souls On the Daily Work of Psychodynamic Psychotherapy Ian Miller,Alistair Sweet,2018-04-19 On the Daily Work of Psychodynamic Psychotherapy is an operating manual for the challenging often lonely and confusing work of doing therapy It locates clinical method in a historical tradition of many contributory workers including Freud Breuer Klein Segal Ferenczi Waelder Katan Tausk Sullivan Lacan Bion and Ogden In this way the book links clinicians with psychoanalytic thinkers across the foreclosures of scholastic orientation and politics to arrive at a methodology based in interpretive reflection and demonstrably active from the period of psychoanalytic origins as an application of the influence of mind upon mind The authors provide the reader with a methodology of clinical thinking of how clinicians orient themselves in clinical registration moment by moment It develops a route of fundamental therapeutic action applicable under all clinical situations from the single session consultation to intensive long term psychoanalytic psychotherapy **Generation** Jean White,2013-12-16 Generation is both an introduction to and a comparative study of contemporary psychoanalytic clinical theory It provides the reader with a comprehensive overview of how new ways of thinking about the psychoanalytic process have evolved and are still in development today Jean White presents a detailed study of contemporary Independent Lacanian and post Kleinian

theory set within the wider context of the international expansion of psychoanalysis Contemporary clinical practice is discussed in relation to concepts of psychopathology transference and countertransference and innovations in technique Each school s explicit and implicit models of psychic growth and their view of the aims of the psychoanalytic process are explored Written in clear accessible language and interwoven throughout with clinical vignettes Generation provides an invaluable initiation into the work of notoriously difficult authors such as Lacan and Bion This stimulating presentation of contemporary psychoanalytic theory will be of great interest to psychoanalytic psychotherapists psychodynamic counsellors and psychoanalysts of all theoretical orientations

Jewish Perspectives on the Experience of Suffering Shalom Carmy,1999-08-31 This collection of essays seeks to understand the tension between contemporary and traditional elements in the thought practices and life of Modern Orthodox Jewry Together they are a fascinating study of the balance that occurs between modernity and traditionalism whereby faith and practice emerge from the encounter adapted but not wholly transformed

Conjunctions Andrew Cooper,2018-06-04 Conjunctions engages separately and connectively with therapeutic social work practice psychoanalytically informed research methods and philosophy as well as contemporary human service organisational cultures and predicaments and the societal dynamics affecting social work and psychoanalysis The chapters are gathered into several thematic sections Practice Organisations Politics Policy and Culture Research and a final chapter on death dying and social work The writing on each topic uses a blend of psychoanalysis social theory and philosophy to illuminate and develop a psycho social account of individual organisational and social processes and dynamics The author draws directly upon his own and others lived experience of clinical work organisational stresses and strains social processes and research to generate conceptualised accounts of inner and outer experiential worlds in the hope of mobilising emotional and thinking responses in his readership Conjunctions is therefore intended to be an intervention in modern professional therapeutic and social life as well as a contribution to understanding it

Psychoanalysis and Contemporary Thought ,1998

The Handbook of Infant, Child, and Adolescent Psychotherapy Bonnie S. Mark,James A. Incorvaia,1995-08 This handbook offers the clinician entrance into a myriad of childhood problems discussed from the viewpoint of psychiatrists psychologists clinical social workers and developmental specialists

When the Body Is the Target Sharon Klayman Farber,2002-11-05 In this comprehensive and insightful work Dr Sharon K Farber provides an invaluable resource for the mental health professional who is struggling to understand self harm and its origins Using attachment theory to explain how addictive connections to pain and suffering develop she discusses various kinds and functions of self harm behavior From eating disorders to body modifications such as tattooing Dr Farber explores the language of self harm and the translation of that language and its psychic functions in the therapeutic setting She tells us When the body weeps tears of blood we need to wonder what terrible sorrows cannot be spoken Brilliantly illustrated with rich clinical material this book offers a practical approach to the diagnosis assessment and treatment of the increasing

number of patients whose emotions are expressed through bodily harm The challenges of working with patients who tend to view the world of relationships in terms of predator and prey are clearly explicated and the stormy countertransference responses that threaten to destroy the treatment are given a full hearing Finally she shows how the attachment relationship formed in treatment can repair the traumatic attachment in mind body psyche and soul and can serve as the cornerstone of therapeutic change A Jason Aronson Book

Introducing Cognitive Analytic Therapy Anthony Ryle,Ian B. Kerr,2002 This text introduces the origins development and practice of cognitive analytic therapy CAT It is a guide to the potential application and experience of CAT with a wide range of difficult clients and disorders

New Paradigms for Treating Relationships Jill Savege Scharff,David E. Scharff,2006-06-02 New Paradigms for Treating Relationships is a contemporary international perspective on the theory and practice of analytic couple and family therapy It summarizes theory sets it in context and illustrates the concepts with clinical illustrations This clearly written and engaging book is essential for practicing couple and family therapists psychotherapists and psychoanalysts teachers of psychotherapy as well as for students of psychoanalysis and philosophy

Primitive Edge Of Experience Introduction

In today's digital age, the availability of Primitive Edge Of Experience books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Primitive Edge Of Experience books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Primitive Edge Of Experience books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Primitive Edge Of Experience versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Primitive Edge Of Experience books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Primitive Edge Of Experience books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Primitive Edge Of Experience books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public.

Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Primitive Edge Of Experience books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Primitive Edge Of Experience books and manuals for download and embark on your journey of knowledge?

FAQs About Primitive Edge Of Experience Books

1. Where can I buy Primitive Edge Of Experience books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Primitive Edge Of Experience book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Primitive Edge Of Experience books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing.

- Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
 7. What are Primitive Edge Of Experience audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
 8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
 9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
 10. Can I read Primitive Edge Of Experience books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
