*God in Post-Christianity* Lenart Škof, 2024-11-01 *God in Post Christianity* combines Eastern and Western influences into a dazzling survey of the contemporary theological landscape Reading the age of the Spirit as the age of the Breath the book argues for a material elemental and sensory theology of God following the death of the ontotheological God of metaphysics Drawing inspiration equally from Irigaray and Feuerbach it offers a vision of God that is both feminist and humanist a divine becoming for humanity a sacred alliance with Nature By presenting and analyzing the modern philosophies of Hegel Schelling and Merleau Ponty as well as such contemporary figures as John Caputo and Catherine Keller and by drawing on unexpected forgotten or neglected sources such as Vedic poetry and American Mormonism and figures such as Averroes and Amalric of B ne the book makes an original argument about God that resonates with currents in new materialism comparative theology and affect theory Both speculative and mythopoetic it is intended to forge a way forward for humanity to achieve the intersubjective and interreligious peace we all crave and deserve *The Primal Place* Robert Finch, 2014-04-14 From acclaimed author and naturalist Robert Finch a richly detailed observance of Cape Cod s seemingly vanished natural and human past as it clings to its present landscape This is a voyage of discovery a personal odyssey into the nature of a single Cape Cod neighborhood It is a rich portrait beautifully drawn of a landscape and a community whose essential character lies in their penetrating interface with the sea But it is also an individual quest a journey of the heart and mind in which the author seeks entrance or rather re entrance into that vast living maze stretching out beyond my lines of sight **Primal Action** Alan Trustman, 2006-02 *Primal Action* is the suspenseful tale of one man s determination to find the person responsible for injuring his son in a terrorist attack no matter what the cost Michael Collins lives a life of luxury one well earned from his job trading currencies and currency options When his thirteen year old son Hugo is severely injured in a terrorist s bomb attack Michael will not rest until he s brought the madman to justice even if he must sacrifice his career But his quest will test his limits driving him to the brink of self destruction *Primal Action* is a deeply moving story of father and son caught up in a whirlwind of violence and intrigue It is everything a thriller should be fast paced sexy and filled with cliff hanging suspense unpredictable plot turns and pounding action Alan Trustman delivers John Leo My jaw dropped open from page one and remained open until I had galloped through this thriller Ken Auletta Ian Fleming and Paul Erdman move over *Primal Action* is a page turner sophistication sex and gunfire And a no lose roulette system that should be memorized by everyone who loves those unbeatable tables Adam Smith **Marian Reflections on War and Peace** Lenart Škof, Emily A. Holmes, Pavlo Smytsnyuk, 2025-03-31 This book presents an original Marian approach towards war and peace dedicated to the suffering of children women and men in Mariupol and elsewhere in Ukraine and in the world Offering new theological perspectives on the contemporary impact of war the contributions take inspiration from the figure and symbol of Mary as protector of children and guardian of peace intermediary of the incarnation as well as model for ecumenical interreligious

and intercultural engagements The chapters explore the role of Mary as a symbol for feminist and activist reflections for the communication of suffering as the mater dolorosa for power when appropriated for political ends and for healing and reconciliation in peace building efforts The book provides readers with valuable theological reflections on conflict global theological ethics ecofeminist and peace building thinking in theology and contemporary political theology *From Gods to God* Baruch Halpern,2009 The birth of the West stems from the rejection of tradition All our evidence for this influence comes from the Axial period 800 400 BCE Baruch Halpern explores the impact of changing cosmologies and social relations on cultural change in that era especially from Mesopotamia to Israel and Greece but extending across the Mediterranean not least to Egypt and Italy In this volume he shows how an explosion of international commerce and exchange which can be understood as a Renaissance led to the redefinition of selfhood in various cultures and to Reformation The process inevitably precipitated an Enlightenment This has happened over and over in human history and in academic or cultural fields It is the basis of modernization or Westernization wherever it occurs and whatever form it takes **Atlas of Developmental Field Anomalies of the Human Skeleton** Ethne Barnes,2012-11-05 Written by one of the most consulted authorities on the subject Atlas of Developmental Field Anomalies of the Human Skeleton is the pre eminent resource for developmental defects of the skeleton This guide focuses on localized bone structures utilizing the morphogenetic approach that addresses the origins of variability within specific developmental fields during embryonic development Drawings and photographs make up most of the text forming a picture atlas with descriptive text for each group of illustrations Each section and subdivision is accompanied by brief discussions and drawings of morphogenetic development **All about the Beat** John H. McWhorter,2008 Presents a tribute to the artistry of hip hop music while urging readers to recognize the genre as a violence laced art form rather than a true reflection of black society cautioning its fans against seeing it as a positive source of political legitimacy *American Journal of Diseases of Children* ,1920 [Shi'i Islam and Sufism](#) Denis Hermann,Mathieu Terrier,2020-01-23 I B Tauris in association with the Institute of Ismaili Studies Offering new perspectives on the relationship between Shi is and Sufis in modern and pre modern times this book challenges the supposed opposition between these two esoteric traditions in Islam by exploring what could be called Shi i Sufism and Sufi oriented Shi ism at various points in history The chapters are based on new research in textual studies as well as fieldwork from a broad geographical areas including the Indian subcontinent Anatolia and Iran Covering a long period stretching from the early post Mongol centuries throughout the entire Safawid era 906 1134 1501 1722 and beyond it is concerned not only with the sphere of the religious scholars but also with different strata of society The first part of the volume looks at the diversity of the discourse on Sufism among the Shi i ulama in the run up to and during the Safawid period The second part focuses on the social and intellectual history of the most popular Shi i Sufi order in Iran the Ni mat Allahiyya The third part examines the relationship between Shi ism and Sufism in the little explored literary traditions of the Alevi Bektashi and the Khaksariyya Sufi order With

contributions from leading scholars in Shi ism and Sufism Studies the book is the first to reveal the mutual influences and connections between Shi ism and Sufism which until now have been little explored *Clockwork Muse* Colin Martindale,1990-11-06 What determines the evolution of styles in poetry painting music and architecture Are there universal laws of art history to which even Shakespeare Beethoven and Picasso were subject In this highly original and provocative book cognitive psychologist Colin Martindale challenges conventional theories that seek to explain changes in the arts as the result of political religious or social forces Social forces do not cause change in art they distort it he writes Martindale argues that it is the pressure for novelty that shapes individual artistic careers and trends whether in literature music or the visual arts Through the use of computer models and experimental simulations Martindale explores the psychological factors involved in producing novel responses and he traces the stylistic changes that derive from this need for novelty Book jacket *A New Wave of Japanese Architecture, September 25, 1978 to November 14, 1978* Kenneth Frampton,1978 Poems and Fragments Friedrich Hölderlin,2004 The definitive English edition of one of Germany s greatest writers bilingually presented *Text-book of anatomy* Daniel John Cunningham,1909 *The American Architect and Building News* ,1893 The Old Testament: An Introduction to the Hebrew Bible Stephen Harris,Stephen L.
