## Secret Rose:

**The Secret Rose** William Butler Yeats, 1905      The American Short-horn Herd Book, 1900      **States of Desire** Vicki Mahaffey, 1998-12-03 This book is an intimate study of the three giants in Irish literary history Oscar Wilde William Butler Yeats and James Joyce In addition to constructing a narrative of Ireland's political and literary past Vicki Mahaffey interweaves the lives and writing of the authors into a portrait of national imagination shaped not only by a vast cultural and mythic heritage but also by the hard fact of English political domination States of Desire argues that what people desire is fundamentally connected to how they write and read Not only do language and narrative shape desire and vice versa but because these processes are socially conditioned some political circumstances such as those present in Ireland at the turn of the century foster experimental desire more successfully than others Mahaffey's contribution to the critical discourse on literary modernism is to assign a political motive to the art of modernist wordplay in doing so she offers a more compelling and socially driven version of the oft told tale of literary modernism Irish writers she argues sought to disrupt the rigidity of political thinking and social control by turning language into a weapon by opening up infinite new possibilities of meaning and association linguistic play makes it impossible for thought to be monopolized by the state or any other institutional power In this light the text becomes a prism of political cultural and erotic desires a fountain of conscious and unconscious linguistic suggestion Defying semantic control and refuting societal repression Wilde Yeats and Joyce literally fought in their lives and in their work for a freedom of expression which as was painfully evidenced in the case of Wilde was not to be had for the asking      *The Herd Register of the American Guernsey Cattle Club*, 1930      **Herd Register** American Guernsey Cattle Club, 1925      The American Shorthorn Herd Book, 1910      **Yeats's Poems** A. these Irish writers remained ambivalently dependent on the cultural and political discourses they sought to undermine Castle shows how Irish Modernists employed textual and rhetorical strategies first developed in anthropology to translate reassemble and edit oral and folk cultural material In doing so he claims they confronted and undermined inherited notions of identity which Ireland often a site of ethnographic curiosity throughout the nineteenth century had been subject to Drawing on a wide range of post colonial theory this book should be of interest to scholars in Irish studies post colonial studies and Modernism
